•YOUR IJOY PRODUCT

Thank you for purchasing and using the "IJOY WATCHER" wireless charger. This product can provide a high quality charging experience for your Apple Watch. Before using this product, carefully read this manual to correctly operate this device. Please ask your local manufacturer if you have any questions.

IJOY WATCHER x 1 User Manual x 1

•BASIC OPERATION

- In a well-ventilated area place the portable charging puck on a flat, stable surface.
 Connect the USB end of the puck to the USB port of a computer, power bank, or USB wall adapter.
- Place the charging contacts on the back of the Apple Watch onto the concave surface of the magnetic charging puck. It will snap into place and begin to charge the watch.
- •Remove your watch from the charging surface once charging is complete.

•PRODUCT SPECIFICATIONS

- •INPUT: 5V/2.
- •OUTPUT: 2W (MAX)
- •CABLE LENGTH: 3FT/1 M

BACK

WARNING

- •This device is not a toy, do not leave children unattended while in use or allow them to play with this device.
- Do not attempt to disassemble the device. Doing so may result in an electric shock.
 Do not use this device on an aircraft or in a hospital.
- Please keep a distance of at least 8ft/20cm between implantable medical devices (pacemakers, implantable cochlear, etc.) and the wireless charger to avoid potential interference with the medical device.
- •Do not expose this device to direct sunlight, heat, or open flame.
- •Do not expose this device to open sources of water.
- •Do not use the wireless charger in severely hot, humid, or corrosive environments to avoid circuit damage.
- •Do not use the wireless charger in severely hot, humid, or corrosive environments to avoid circuit damage.
- Keep items with a magnetic strip or chip card (ID card, bank card, etc.) away from this device to avoid damage to the magnetic strip or chip.
- This device may become warm while charging.

FCC STATEMENT

2AJQ7WATCHER

- This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.
- Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body

OTHER IMPORTANT SAFETY INFORMATION

Disposal of old electronic & electronic equipment (Applicable in the European Union and other European Counties with separate collection systems) The trash can symbol (seen on the bottom) on the production indicates that this product shall not be treated as household waste. Instead it shall be handed over to the applicable collection point for recycling of electronic equipment. By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling. For more detailed information about this product, please contact your local household waste disposal service or the shop where you purchased this item.

IMPORTANT REMINDERS

This device can ONLY be charged by 5V adapters/ USB ports only. Quick charging devices over 5V may cause heat and fire.

Tip: The formal manufacturer certified charger must be chosen, output voltage of 5v. If the product is not in use for a long time, please charge it.
