Alpharetta, GA 30005

Dear Sir or Madam,

FLIR Detection, Inc submits a request to apply for a Class II Permissive Change to FCC ID: 2AJVE-FIDOX4DART and a Class 4 Permissive Change to IC: 21981- FIDOX4DART

Description of changes:

- Addition of a new antenna, the Taoglas FXP73 Blue Diamond 2.4GHz Multi Standard Antenna (part number: FXP73.07.0100A), and
- the integration into the portable host device: Fido Portable Trace Detector, Model: Fido X4.

Note: The BTLE radio and the 802.11 n40 mode have both be turned off when using the new antenna and integrated into the host device.

Best Regards,

A handwritten signature in blue ink that reads 'Mark Prather'.

Mark Prather
VP, Manufacturing and Operations
FLIR Systems, Inc.
