Re: FCC ID: 2AJX7KP9000

To Whom It May Concern:

The following application is submitted on behalf of our client, QSR Automations, Inc., for evaluation of their model KP-9000 for certification under FCC Part 15.247.

The KP-9000 is a Bluetooth Low Energy, twenty button, customizable Wireless Keypad operating in the frequency range 2402-2480MHz.

The KP-9000 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive style with a large, stylized 'R' and 'S'.
