### OPERATING INSTRUCTIONS

#### Charging the battery

A full charge is approximately 3 hours and allows playing continuously for about 4 hours. Connect the speaker to the USB charging cable to charge. When the LED indicator is RED, the speaker is charging. The LED indicator goes OFF when the device is fully charged.

#### Wireless pairing

To pair your smartphone with the Wireless speaker, please make sure the Wireless mode on your smartphone is switched ON and then switch ON the power of your wireless speaker to start the pairing. After doing so the speaker will appear in the new Wireless devices that could be paired to your smartphone. Please select "FunAmp" to pair your mobile device with the speaker.

**Note:** In addition to playing music, the speaker can be used to answer phone calls by pressing the "▶|◀" Button.

### USING YOUR SPEAKER

Long press the power button: Power On /Power Off  
Single press the "▶|◀" button: Play/Pause Music/Answer/End call/

Charging completed: Red LED is off

#### SPECIFICATIONS

Product: Wireless Speaker  
Wireless Version: V5.3  
Working range: 10m  
Frequency Range: 2402-2480 MHZ  
Frequency Response: 30-18 KHZ  
Impedance: 4Ω

Maximum input power: 3W  
Battery capacity: 500mAh Lithium  
Play time: 3-4H  
Charging time: 2-3H  
Battery Type: 14500  
Charging Port Type: Micro

### REGULATORY NOTICE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be located or operated in conjunction with any other antenna or transmitter. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
