| <p>EUT View 5</p> |  A side view of a white handheld electronic device. It features a black textured grip on the left, a small red indicator light, and a series of ventilation slots. The right side has a large, flat, rectangular antenna with a circular pattern. The device is placed on a blue surface next to a black ruler with white markings for scale. |
| <p>EUT View 6</p> |  A top-down view of the same white handheld electronic device. The antenna is prominent on the right, and the handle is on the left. The device is placed on a blue surface next to a black ruler with white markings for scale.                                                                                                             |
