FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. When using the product, keep a distance of at least 15cm from the product.

RSS Statement (Canada)

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 10cm between the radiator and your body.

IC: 27646- NM01174585

Declaration de conformite avec le CNR (Canada's)

Cet appareil est conforme au Cahier des charges sur les normes radioelectriques (CNR) pour les appareils utilisables sans licence d'Industrie Canada. L'utilisation de ce produit est soumise aux oeux

conditions suivantes

(1) cet appareil ne doit pas entrainer d'interferences; et

(2) cet appareil doit accepter toute interference. y compris tes interferences pouvant causer un fonctionnement non souhae.

l'emetteur/recepteur exempt de tcence contenu dans le present appareil est conforme aux CNR d'Innovation. Sciences et Developpement economique Canada applicables aux appareils radio exempts

cre t,cence. L • expto,taun est autorisee aux creux concrmons su,vantes :

(1) L'appareil ne doit pas produire de brouillage,

(2) rappareil doit accepter tout brouillage radioelectrique subi, meme si le brouillage est susceptible

d'en compromettre le fonctionnement.

L' appareil est conforme aux valeurs limites d' exposition au rayonnement fix é es pour l' ic rs-102 pour les environnements non contrôl é s.Le dispositif doit ê tre install é et fonctionner à une distance d' au moins 10 cm entre le radiateur et votre corps.
