Applicant: Mason America, Inc

Dear Examiner,

This is to request a Class II Permissive change for **FCC ID: 2AJZP-A4100** originally granted on (2021-12-25).

Add components (screen, NFC IC, memory, camera IC), Retest all test items.

The addition of NFC IC has no effect on other RF functions of the product, only another type of IC is added, and the NFC 15B difference test is done .

Other data were the same as the original one (File No.: **454725**).

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

 **MASON**
