
G450A1 STARTUP GUIDE

GETTING STARTED

Thank you for using Mason products. In this scope of this quick guide, we want to introduce to you some important basics and some precautions.

TABLET OVERVIEW

specification parameter

Model	G450A1
HW version	PVT2.0
Rf emission power	<160mW
Manufacturer	Mason

HOW TO INSERT THE SIMCARD AND MEMORY CARD

1. Setting up SIM and SD card

- 1) To remove the card tray, insert the SIM eject PIN included with your device into the small hole next to the card tray
- 2) The SIM card tray will pop-up. Withdraw the SIM tray
- 3) Insert a SIM card or micro SD into the card tray with the SIM's chip surface facing downwards

-
- 4) Insert the card tray back into your device in the correct orientation
 2. Press and hold the power button during 3~5 second to turn power on .

Notes:

Mason is not responsible in case of damage caused by incorrect assembly or removal of cards or damage caused by using non-standard equipment.

KEY FEATURES OF G450A1

Navigation bar:

1. Left button: Return to previous screen
2. Right button: Touch on to go Task manager
3. Home button: Touch on to go IDLE

G450A1 SAFETY INSTRUCTIONS

Thank you for using Mason products. we will introduce to you some safety precautions. Please make sure that you read this user guide carefully before using this product safety.

-

- 1 This product can be used across EU member states.
- 2 CAUTION : RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.
- 3 The product shall only be connected to a USB interface of version USB2.0
- 4 Adapter shall be installed near the equipment and shall be easily accessible.
- 5 Operating temperature: -20°C~40°C
- 6 The plug considered as disconnect device of adapter
- 7 The device complies with RF specifications when the device used at 0 cm form your body
- 8 We declare that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU.
- 9 Only indoor use for band 5150-5350MHz.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to

try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC RF exposure requirements, use accessories that maintain a 0mm separation distance between the user's body and the device.

IC STATEMENT

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.
- (3) This device is indoor use only when operate in frequency band 5150-5250MHz.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radio électrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The information listed above provides the user with information needed to make him or her aware of a RF exposure, and what to do to assure that this radio operates within the exposure limits. The device complies with RF specifications when the device used at 0mm from the body.
