RE: Class II Permissive Change Request
FCC ID: 2AK3PGSD-500349

To Whom It May Concern:

Please be advised that pursuant to FCC Rule 47CFR 2.1043 the manufacturer requests that the above-referenced model be approved for class II permissive change.

The reason for the class II change is adding a new host Dual Autogate Connect (304854) to the Limited Module Approval covering the above LoRa module and reducing the power setting to 0x0C.

Thank you for your attention to this matter.

Yours faithfully

Rentokil Initial 1927 plc
