Re: FCC ID: 2AKCY-0580000038

To Whom It May Concern:

The following application is submitted on behalf of our client, Cooper Lighting LLC, for evaluation of their model ECS-Z-M05-LV for an original certification under FCC Part 15.247.

Device is a ceiling sensor; it provides occupancy sensing, daylighting, temperature and humidity capability.

I have reviewed the application and supporting documentation and have found them to comply with FCC requirements. I recommend this application for certification.

Yours sincerely
