Re: FCC ID: 2AKCY0550000716

To Whom It May Concern:

The following application is submitted on behalf of our client, Cooper Lighting LLC, for evaluation of their model 0550-000716 for an original certification under FCC Part 15.247.

Device is Cooper Lighting Solution's next generation sensor; it provides daylight dimming, occupancy and control for connected luminaires.

I have reviewed the application and supporting documentation and have found them to comply with FCC requirements. I recommend this application for certification.

Yours sincerely
