User Manual

Wireless Keyboard

Product Features

- Numbers Lock/On White Indicator Light
- Soft White Indicator Light
- Charging Indicator Light
- Power/Low Battery Red Indicator Light

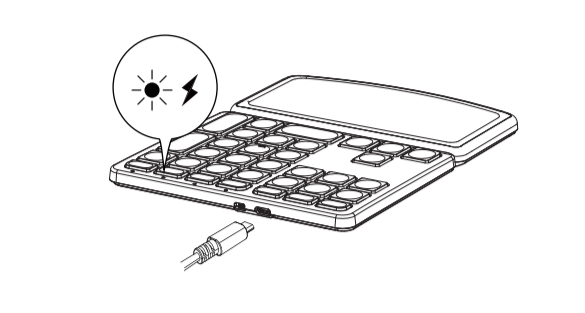

- 1 -

2.4G USB Connection

1. Switch the number pad ON.
2. Take out the USB receiver from the bottom of the number pad.
3. Plug the USB receiver into the USB port of the computer, then the keyboard and number pad can work normally.

- 2 -

Charging Guide

1. When the battery is low, the low battery red indicator starts flashing until the keyboard/number pad turns off.
2. Plug the Type-C port into the keyboard/number pad and the USB-A port into the computer to charge. The red indicator light stays on while charging.
3. It takes 2-3 hours to fully charge. The indicator light turns green when fully charged.

Numeric Keypad:

System Compatibility	Windows 7-11
Battery Capacity	280mAh
Working Voltage	3.7V
Working Current	≤2mA
Standby Current	≤1mA
Sleeping Current	≤0.3mA
Standby Time	≥365 Days
Working Time	180 Hours
Charging Time	≤2 Hours
Wake up Way	Press any key
Numeric Keypad Dimension	205*52*16mm

Numeric Keypad Multimedia Functions

	Calculator		Search
	Print		Lock Screen

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) The device may not cause harmful interference, and
 (2) The device must accept any interference received, including interference that may cause undesired operation.
