Solder Board-Component View 7	 A photograph of a green, curved printed circuit board (PCB) component, likely a solder mask or a small board, placed on a blue textured surface. The component is positioned next to a black L-shaped ruler with white markings in millimeters. The ruler shows dimensions of approximately 100 mm by 100 mm. The component has several small, rectangular components mounted on it, and a small circular hole is visible near the bottom center.
Solder Board-Component View 8	 A photograph of the same green, curved PCB component from a different angle, showing the underside. It is placed on the same blue textured surface next to the same black L-shaped ruler. The component's shape and the positions of its components are visible from this perspective.
