# Smart Plug

with Nest Connect built in

## User manual

### In the box.

Smart Plug \*1

User Guide \*1

### SYSTEM REQUIREMENTS

To use Smart Plug, first you' ll need to add it to your Google Home Account. You' ll need a compatible iOS or Android phone or tablet with Bluetooth 4.0, and a Wi-Fi 802.11 a/b/g (2.4GHz) network connection.

### Meet Smart Plug

Smart Plug can be used as a data center to connect to Thread devices. Smart Plug can be

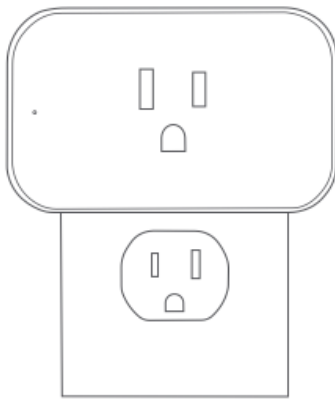

remotely controlled via the google home app, which can be controlled by voice, can be automatically controlled with other smart devices, and can also record the power consumption of the appliance.

## Quick Setup

1. Please download and open the google home app.
2. Plug in, tap the Add button, add Smart Plug according to instructions.

## Cautions

1. This product is NOT a toy. Please keep children away from this product.
2. This product is designed for indoor use only. Do NOT use it in humid environments or outdoors.
3. Beware of moisture, do NOT spill water or other liquids onto the product.
4. Do NOT place this product near a heat source. Do NOT place in a closed position unless there is normal ventilation.

5. Do NOT attempt to repair this product by yourself. All repairs should be performed by an authorized professional.
6. This product is only suitable for improving the entertainment, convenience and reminder of the home life. It should NOT be used as security equipment for home, building, warehouse or any other place. If a user violates the product use instructions, the manufacturer will NOT be liable for any risks and property losses.

## **Restart**

If your Smart Plug loses its connection to the Google Home app. Just Press and hold the button for 2-8 seconds until the light Pulses blue once slowly.

## **Reset to factory settings**

If you remove Smart Plug from your Google Home Account, you must reset it to factory settings before it can be used again . To reset:

- 1.Press and hold the button for 10 seconds until the light turns solid yellow, then release.

## **Check for updates**

Smart Plug will automatically update its software, but you can manually check for updates if you want .

1.To check for a software update, press device' s button once, then press it again and hold down for 4 seconds. You should see the light blue.

2.If device' s software is up to date, it will pulse green once.

## How to check Smart Plug's status

What you see	What it means
BLUE pulse 1x	Smart Plug is working right .
YELLOW pulses 5x	There' s an issue with Smart Plug' s hardware .
BLUE breathe	Smart Plug hasn' t been set up and added to your Google Home Account .
Green pluse 1x	It means device' s software is up to date.
Blink fast once every 2.5s	Checking for available update

## Specifications

Model: BR-USH01

Dimensions: 80\*50\*40mm

Color: White

Weight:  $132 \pm 1\text{g}$  ( $4.585 \pm 0.035\text{oz}$ )

Wireless Protocol: Wi-Fi, Thread, BLE

Electrical Rating: 120 V AC, 60 Hz, 15 A, MAX.1800 W

Ambient Temperature: 0 - 40° C

Operating Humidity: 0 – 93% RH, non-condensing

Manufacturer by: Lumi United Technology Co., Ltd.

Address: 8th Floor, JinQi Wisdom Valley, No.1 Tangling Road, Liuxian Ave, Taoyuan Residential District, Nanshan District, Shenzhen, China.

FCC ID: 2AKIT-BR-USH01

Federal Communications Commission (FCC) compliance statement:

1.This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

2.Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

## **IC: 22635-BRUSH01**

### IC NOTICE TO CANADIAN USERS

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

This Class B digital apparatus complies with Canadian ICES-003.

This device complies with RSS-247 of Industry Canada. Operation is subject to the condition that this device does not cause harmful interference.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d' Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Cet appareil numérique de la Classe B conforme à la norme NMB-003 du Canada.

Cet appareil est conforme à la norme RSS - 247 d'Industrie Canada. Le fonctionnement est soumis à la condition que cet appareil ne provoque pas d'interférences nuisibles.

Cet équipement est conforme aux limites d' exposition aux rayonnements de la IC établies pour un environnement non contrôlé. Cet équipement doit être installé et fonctionner à au moins 20cm de distance d' un radiateur ou de votre corps.Cet émetteur ne doit pas être co-localisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.

#### Important Safety Instructions

1.CAUTION : Risk of electric shock, This product is not a toy and not intended for use by children. For adult use only

- 2.The maximum ambient temperature during use of the appliance must not exceed 40°C.
- 3.The appliance is suitable for moderate climates only.
- 4.The ventilation must not be impaired by covering the appliance with items such as newspapers, table cloths, curtains, etc.
- 5.Naked flame sources, such as candles, must not be placed on the appliance.
- 6.The appliance does not require much attention. If you want to clean it, please use only dry cloths or a brush.
- 7.Main plug is used as disconnect device and it should remain readily operable during intended use. In order to disconnect the apparatus completely, the main plug should be disconnected from the main socket outlet completely.
- 8.Risk of electric shock. Grounding continuity must be maintained.

#### Consignes de sécurité importantes

- 1.ATTENTION: risque d'électrocution, ce produit n'est pas un jouet et n'est pas destiné à être utilisé par des enfants. Pour usage adulte seulement
- 2.La température ambiante maximale pendant l'utilisation de l'appareil ne doit pas dépasser 40° C.
- 3.L'appareil est uniquement adapté aux climats modérés.
- 4.La ventilation ne doit pas être gênée en recouvrant l'appareil avec des objets tels que des journaux, des nappes, des rideaux, etc.
- 5.Les sources de flammes nues, telles que les bougies, ne doivent pas être placées sur l'appareil.

6.L'appareil ne nécessite pas beaucoup d'attention. Si vous souhaitez le nettoyer, utilisez uniquement des chiffons secs ou une brosse.

7.La prise principale est utilisée comme dispositif de déconnexion et doit rester facilement utilisable pendant l'utilisation prévue. Pour déconnecter complètement l'appareil, vous devez débrancher complètement la fiche principale de la prise de courant.

8. Risque de la décharge électrique. La mise du courant a la terre doit être continuellement maintenue.
