

MFKZQ01LM

Cube Quick Start Guide

Product Introduction

Aqara Cube is a smart wireless controller that recognizes multiple actions. Configure the Cube via app, and you can use it to control various smart accessories through linkage control.

*A Hub is required.

*Aqara Hub is required to enable Aqara Cube to work with HomeKit technology. See www.aqara.com for more details.

*This product is for indoor use only.

Long Press for 5s: Reconnect

Single Press: Effective Range Test

Quick Setup

1. Please add the Hub to the app according to the Hub Quick Start Guide.
2. Please open the bottom cover with the metal strip and remove the battery insulation tab.
3. Please open the app, tap “Home” and then tap “+” in the top right corner to enter “Add Device (Accessory)” page. Select “Cube”, and add it according to instructions.

*If the connection failed, please move the accessory closer to the Hub and try again.

Effective Range Test: Single swing the Cube or single press the reset button in the Cube. If the Hub makes voice prompts, it indicates that the Cube can communicate effectively with the Hub.

*Avoid metal surface to maximize signal strength.

Identify an Accessory: Open the app, go to “Device List (Accessories)” page. Single swing the Cube or single press the reset button in the Cube. If the Hub makes voice prompts and the Cube icon in the app blinks, it indicates that the Cube is identified.

*Only Aqara Home app and Aqara app support this function.

Specifications

Model: MFKZQ01LM

Dimensions: 45 × 45 × 45 mm (1.77 × 1.77 × 1.77 in.)

Wireless Protocol: Zigbee

Battery: CR2450

Operating Temperature: -10° – +50° C

Operating Humidity: 0 – 95% RH, no condensation

Online Customer Service: www.aqara.com/support

Email: support@aqara.com

Manufacturer: Lumi United Technology Co., Ltd.

Address: 8th Floor, JinQi Wisdom Valley, No.1 Tangling Road, Liuxian Ave, Taoyuan Residential District, Nanshan District, Shenzhen, China.

FCC ID:2AKIT-MFKZQ01LM

Federal Communications Commission (FCC) compliance statement

1.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

IC:22635-MFKZQ01LM

IC NOTICE TO CANADIAN USERS

This device complies with Industry Canada license - exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device. This device complies with RSS - 247 of Industry Canada. Operation is subject to the condition that this device does not cause harmful interference. This Class B digital apparatus complies with Canadian ICES - 003 (Cet appareil numérique de la Classe B conforme à la norme NMB - 003 du Canada).

The SAR limit of CANADA (IC) is 1.6 W/kg averaged over one gram of tissue. Device has also been tested against this SAR limit. The highest SAR value reported under this standard during product certification when properly worn on body is 0.084W/kg.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

La limite SAR du Canada (IC) est de 1,6 W / kg en moyenne par gramme de tissu. types a également été testé contre ces valeurs. La valeur SAR la plus élevée déclarée en vertu de cette norme lors de la certification du produit lorsqu'il est correctement porté sur la tête est 0.084 / kg.

Hereby, LUMI UNITED TECHNOLOGY CO., LTD declares that the Radio Equipment type is in compliance with RED 2014/53/EU. The full text of the EU Declaration of Conformity is available at the following internet address: www.lumiunited.com/DoC.

This product can be used across EU member states.

Complies with the European Union's "Restriction of Hazardous Substances Directive," which protects the environment by restricting specific hazardous materials and products.
