

MENU NAVIGATION

While the screen is on double press the power button to enter the menu

BT4.0 tech to communicate with Omni-App, update software from app.

BATTERY SETTINGS

1. BATTERY LIMIT FUNCTION

Control how much you want to discharge/charge the batteries (%). We developed this function to help extend the lifespan of the battery. Limiting the charge/discharge percentage can reduce the stress on the chemicals inside the cell.

2. BATTERY CYCLE

View the total battery cycles your Omnicharge has gone through.

GENERAL SETTINGS

1. SCREEN OFF

Set the screen-on time here. The default setting is 1 min

2. AUTO SHUT OFF

Set the auto shut-off time here.
The default setting is 1 min

3. TEMPERATURE

Choose Fahrenheit or Celsius.
