Portable Speaker

## Normal Version

## Luxury Version

## **Read Before Use**

Thank you for purchasing the SODILE Portable Speaker. Please read the user manual before use and keep it handy for future reference. If you have any additional questions or comments, please contact us by service hotline at : 13329873298

## **Package Contents**

1x SODILE portable speaker      1x 3.5mm Audio cable      1x Type-C charging cable  
1x User manual      1x Carrying strap  
2x Microphone (Luxury Microphone Version)      1x Remote Control (Luxury Microphone Version)

## **Aux-in Mode**

Simply connect the speaker with your non-BT device via the 3.5mm audio jack cable. Speaker will switch to Aux-in mode automatically after plugging in an audio cable.

## **TF Card Slot Mode**

The Speaker will play the music from your TF/SD-card automatically when plugging the card into the slot.

## **USB Flash Drive Mode**

The Speaker will play the music from your USB flash drive automatically when plugging the USB into the USB-A port.

## **Auto Power Off**

The speaker will power off automatically after 20 minutes if it does not pair with any device through BT. When the battery level less than 20%, the speaker will have a low battery remind and red indicator flash.

## **Charging Indicator**

The indicator will stay on red when charging, the red indicator goes off after fully charged.

## **Care & Maintenance**

- Do not use any form of detergents or cleaning material to clean the product as any type of chemical may make this device unusable.
- Do not disassemble this product. It contains no user serviceable parts.
- Do not drop or jump on it and treat it with care for the best performance.
- Keep the product in a dry location. Dust, dirt & moisture from humidity can accumulate on the body of the product if kept at an unfriendly place.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

FCC ID: 2AKRC-T18
