

Declaration letter

February 20th, 2017

This letter states that there is no change in the design, circuitry or construction and the original test results performed on the VN210 RF Modem continue to be representative and applicable to the equipment.

Description of minor cosmetic differences:

1. The FCC ID label has been modified and enlarged. Also, the FCC ID differs from the previous VN210 RF Modem (SQB-NIVISMOD0004).

For additional information please contact Adrian Vatamanu.

Sincerely,

Adrian Vatamanu

Hardware Engineer

Control Data Systems
