1. Here's what you'll get

- 1.1 Ambi Climate Mini 2.
 - 1.2 Wall Mount, Tape, Screw and Rawlplug.
 - 1.3 USB Cable (1.8m).
 - 1.4 USB Adapter (100-240V AC, 5V = 2A).
- (Plug for your country may have a different appearance)

2. Getting to know your Ambi Climate Mini 2

- 2.1 Status LED.
- 2.2 USB Type-C Port.

3. Connect the Ambi Climate Mini 2

Download the Ambi Climate App on the App Store or Google Play Store. Follow the instructions in the app to connect the Ambi Climate Mini 2 to your phone.

4. Finding the perfect location for your Ambi Climate Mini 2

Make sure:

- 4.1 It has direct line of sight to the IR receiver for your AC unit and is close to where you normally are in the room.
- 4.2 It is within range of your WiFi signal (preferably close to your router if possible).
- 4.3 It isn't near something hot or cold (such as next to a heater, in direct sunlight, or right in front of the AC).

5. Placing your Ambi Climate Mini 2 on top of a table

- 5.1 To start up your Ambi Climate Mini 2, plug in the USB Type-C plug into the back of the Ambi Climate Mini 2 and attach the USB Type-A plug to the power adapter.
- 5.2 Make sure it sits on a non-insulating flat surface (fabric-covered surfaces are not recommended).

6. Wall mounting your Ambi Climate Mini 2 (Optional)

- 6.1 Peel off the protective film and press the wall mount firmly against the wall for about 30 seconds; or
- 6.2 Screw the wall mount on the wall with the screw provided.
- 6.3 Attach the back of Ambi Climate Mini 2 to the wall mount.
- 6.4 Plug it into the nearest socket.

Certification Information

Model Name: Ambi Climate Mini 2

Country of Manufacture: China

Compliance: This product is compliant with the following.

For the latest compliance information, go to

<http://www.ambiclimature.com/compliance>

FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF EXPOSURE STATEMENTS:

Section 2.1091(d) (3) - Mobile devices (a minimum separation distance may be required).

e.g. This device must be used in fixed locations and in such a way that a separation distance of at least 20 centimeters is normally maintained between the transmitter's radiating structure(s) and the body of the user or nearby persons.

EU Declaration of Conformity

We, Ambi Labs, declare that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU

Restriction on Hazardous Substances

This device complies with all applicable worldwide regulations and restrictions including, but not limited to: RoHS Directive 2011/65/EU on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment and EU Registration Evaluation and Authorization of Chemicals (REACH) regulation regarding Substances of Very High Concern.

Disposal and Recycling Information

The WEEE Symbol means that Ambi Climate devices must be disposed of separately from general household waste. When your Ambi Climate reaches its end of life, please take it to a designated waste collection point for safe disposal or recycling. By doing this, you'll help to conserve natural resources, protect human health, and reduce your impact to the environment.
