Federal Communications Commission

To Whom It May Concern:

This change of identification request applies for a new FCC ID: 2AL52CR00LB18 as established for a currently approved device. This application by Council Rock Enterprises, LLC will establish a new FCC ID under its own grantee code for the purpose of marketing. The original grant to Telit Communications S.p.A, FCC ID: RI7LM960, which was originally granted on 09/11/2018, will remain in effect. An authorization letter by Telit Communications S.p.A is attached.

The equipment is electrically identical. The original test results are applicable and representative of this changed device. External photographs are included in the application. Should there be any question, please feel free to contact us.

Operations in 1755-1780 MHz bands of this device will be under base station control per Part 27.77. Operations on any portion of frequencies in the paired 1755-1780 MHz and 2155-2180 MHz band are capable of operating on all frequencies in the paired 1710-1780 MHz and 2110-2180 MHz band, using the same air interfaces that the equipment utilizes on any frequencies in the paired 1710-1780 MHz and 2110-2180 MHz band.

Operations in 600 MHz bands of this device will be under base station control per Part 27.75.

Operations on any portion of frequencies in the paired 600 MHz band are capable of operating on all frequencies in the 600 MHz band, using the same air interfaces that the equipment utilizes on any frequencies in the 600 MHz band.

Sincerely,

David Chauncey
VP Engineering
