RE: Class II Permissive Change Request
FCC ID: 2AL64-RE667-PRO
IC ID: 24702-RE667PRO

To Whom It May Concern:

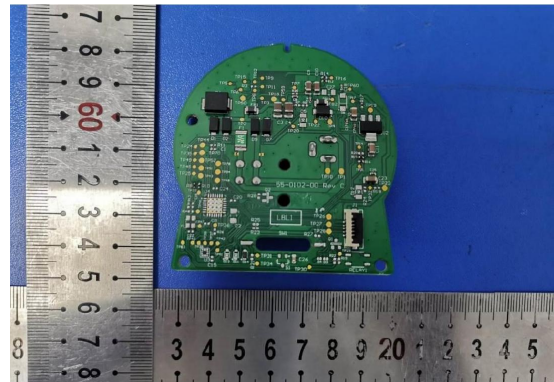

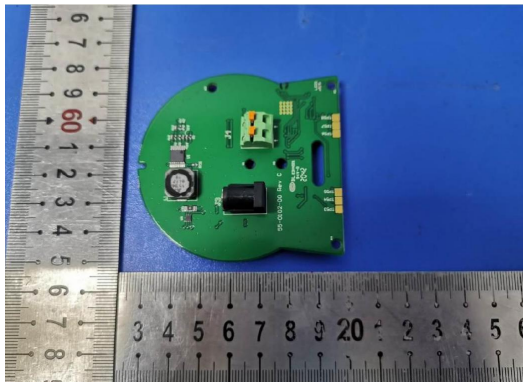

Please be advised pursuant to FCC Rule 47CFR 2.1043 and RSP-100, Issue 12, clause 10 that the manufacturer requests that the above-referenced model be approved for a class II permissive change.

Changes are below:

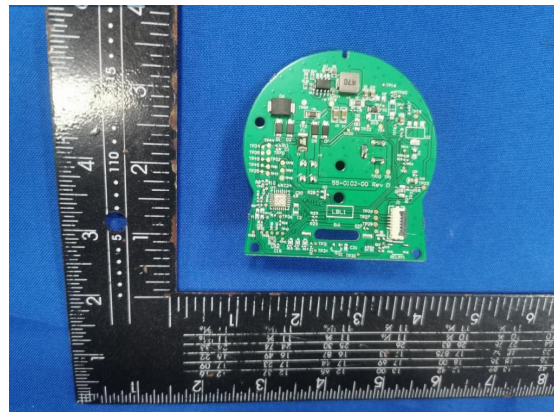

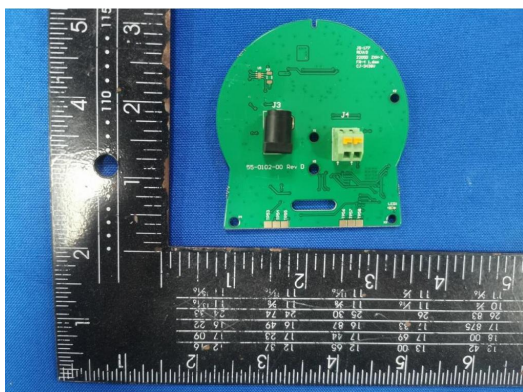

1. Substitution of the flash IC (U4000) from H27UBG8T2DTR-BC to EMMC16G-TB28.
Old IC:H27UBG8T2DTR-BC

2. Power boards re-designed.
Old Power boards:

New Power boards:

Based on above that the AC power line conducted emissions and emissions in restricted frequency bands including band edge are re-assessed.

Thank you for your attention to this matter.

Yours faithfully
Shenzhen qiuyu Electronic Co., Ltd
