Subject: Response to Inquiry to FCC (Tracking Number 862864)

Inquiry on 03/15/2018 :

Inquiry:

Dear Sir,

I submit the inquiry again, the product is a LED desk lamp with Qi wireless charger function.

An

RF exposure evaluation is submitted. please help to check the report is acceptable or not? thanks.

FCC response on 03/22/2018

Please edit equipment table to include information about Magnetic Field Probe used.

Please edit measurement data tables to include frequency at which measurements were made.

Please also clarify Photographs labeled as with "mobile phone" as the pictures do not appear to show a mobile phone. Please provide a description of the load used in the report.

---Reply from Customer on 03/30/2018---

Dear Sir,

The response appear as attachment. If there are any question, please respond me immediately.

FCC response on 03/30/2018

As previously mentioned, please edit measurement data tables in Section 5 to include frequency at which measurements were made. RF exposure report needs to be separate and complete report from that in Part 18 EMC report.

After resolution of the preceding item, you may proceed with filing. Further reply is not required UNLESS Lab or applicant has any concerns or problems completing the preceding item.

---Reply from Customer on 03/31/2018---

Dear Sir?

I have revised the MPE report and enclosed the FCC part18 test report. please check again whether the report is acceptable or not?

FCC response on 04/02/2018

MPE Exhibit is acceptable.

It is the responsibility of the TCB to review the part 18 test report along with all other filing exhibits.
