Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046

Dear Sir/Madam,

We, **Flyability SA**, hereby authorize Bay Area Compliance Laboratories Corp(Dongguan) to act as a laboratory for testing and test report generation for the following project(s):

(Product description: ELIOS 2, Model : 107324,
FCC ID:2AL7M-MAGICKAYAKD)

The chipset nRF24L01+ supports 2.4GHz function,But for this device, 2.4GHz function can not meet the video transmission requirements with UAV. So this function has been disabled by software and replaced by pMDDL2450 wireless modular transmission scheme.

Sincerely,

Signature:
