Vol+/ Next Track	Short press the + button for turn up the volume, long press for move next song.

#### 4.2.Pairing to a mobile phone

To use your Bluetooth® headphones, you must first pair your headphones with a phone. Once your Bluetooth® headphones are paired to mobile phone, they will remain paired and automatically recognize each other whenever they are within range.

##### Pairing to a Bluetooth® Enabled Mobile Phone

- Turn on your phone and ensure the Bluetooth function is activated.
- Long press the call key 3 seconds, entered the pairing mode when the blue & red light flashing.
- Search the Bluetooth® devices on your phone by following the phone's instructions. Refer to your phone's user manual for more information.
- After a few seconds the phone will list the "Remix Headset" as a discover device. Select it and follow your phone's instructions to select this pairing.
- The blue light flash means the pairing is successful.

#### 4.3.Charging your headphones

Use the Micro USB cable provided with these headphones. Connect the Micro USB plug to the Micro USB charging port on the headphones. Connect the USB plug to a USB port on a computer or wall adapter to activate charging.

\* Make sure to charge the headphones for a minimum of 3 hours before initial use.

#### 6.FAQ

1. Why is there no power even when the Headphones are turned on?  
**Ans:** Ensure the battery has been charged up to 2 hours for initial use.
2. There is no sound during playback.  
**Ans:** Check the connection between the headphones and the phone or computer, if the connection is not established, please connect again. Make sure the headphones are paired with your Bluetooth® enabled device.

#### FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device radiates radio frequency energy at a level below the United States FCC radio frequency exposure limits. Nevertheless, this device should be used in such a manner that the potential for human contact during normal operation is minimized. For body worn operation, this device has been tested and meets FCC RF exposure guidelines when used with accessory that contains no metal. Use of other accessories may not ensure compliance with FCC RF exposure guidelines.

#### Support

If you have problems with your device, please consult the instructions in this manual.

**Manufacturer Warranty**  
We stand by our products! That's why we guarantee them from any functional defects for one year from the original date of purchase.
