Subject: Test Report Amendment

Please note the following amendment to Test Report 32195194.001 Rev.:01, originally issued February 10th, 2021.

The test report in question incorrectly lists the conducted test sample serial number as "00:17:0D:00:00:68:68:69".

The correct conducted test sample serial number is "00:17:0D:00:00:68:68:89".

Please keep this amendment for your records alongside the test report in question.

Thank you,
