

# Instruction – DP2.0 Connecting Kit

## Connecting Kit 2042811

Smart Controller x 1  
Item no. – 2042811

Power Adapter 6V4A  
with Accessories x 1

Repeater x 1  
Item no. – 2042811

Power Adapter 5V1A  
with Accessories x 1

## Setup of Smart Controller

1. Place the Smart Controller on Wall or somewhere open for broadcasting.
2. Connect the Power Adapter to Smart Controller
3. Turn on the Smartphone App and will automatically connect to Smart Controller

## Operation

### Update the latest Firmware for Smart Controller

1. Turn on Smart Controller and connect it to internet via below method:

## Warnings

1. Don't drop any components as it will damage the products
2. Don't expose any components to an open flame
3. Don't expose any components to direct sunlight
4. Keep all components dry, there is no waterproof components in the kit
5. When using in app mode, always operate the mobile phone and the Smart Controller within the stated effective range 30m
6. Use only the manufacturer supplied adapter
7. The manufacturer is not legally responsible for any kind of malfunction of the product directly caused by user negligence
8. The manufacturer is not responsible for unauthorized repair or modification of the product
9. The product's communicating system can be disturbed by magnetic field or other wireless devices
10. The product is not intended for persons under the legal drinking age according to local laws
11. The Adaptor is intended to serve as the disconnect device.
12. The socket-outlet shall be installed near the equipment and shall be easily accessible.

## Safety of Adaptor

Adaptor/Battery Charger used with this product is to be regularly examined for damage to the cord, plug and enclosure and in other parts, and in the events of such damage, Adaptor / battery charger must not be used until the damage has been repaired.

## FCC RF Exposure Information:

This Transmitter must be installed to provide a separation distance of at least 20cm from all persons and must not transmit simultaneously with any other antenna or transmitter, except in accordance with FCC multi-transmitter product procedures.

Produced for: MHCS  
9 avenue de champagne,  
51207 EPERNAY CEDEX - France

Produced by: LF BEAUTY LIMITED  
2/F, HK Spinners Industrial building, Phases I & II,  
800 Cheung Sha Wan Road, Kowloon, Hong Kong

## Other Information

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference.
- (2) this device must accept any interference received; including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. This limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determine by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
