## Attestation Letter

Date: 2020-04-28

Dear Sir/Madam,

The product GPS Tracker, model: BeeAware-GSM (GL50B) (FCC ID: 2ALG8GL50B), uses baseband platform MT2503DV/B which can support GPRS multi-slot class 12 and Wi-Fi functions. But this product only activates GPRS multi-slot class 8 functions. The other functions are disabled by the manufacturer using the software.

Sincerely,

Signature: 

Typed or Printed Name: Vidya Subramanian
