

I. Antenna information:

Antenna plate	antenna of Board
Make name/model name	JH-TX511HCDS-CMT
Antenna gain	1.3 dBi
Frequency range	300~400MHz
Antenna type	PCB
Location of meurement (company name)	12 SPEED PRODUCTS INC

2. External view drawing

Picture of antenna

Note: All measurements were radiated and therefore additional antenna gain documentation is not required.
