

Class II Permissive Change Description

Date: February 16, 2020

To Whom It May Concern:

This is to request a Class II permissive change to FCC ID 2ALIR-DWETH101.

The equipment is prepared for FCC re-assessment. This update adds an alternative antenna option with characteristics that improve installation flexibility. There are no changes to the printed circuit boards or enclosure. The only change is to the permanently attached UWB antenna.

Thank you for your attention to this matter.
