DAVINCI

BODYFRIEND Massage Chair DAVINCI User Manual

Important Safety Instructions

When using an electrical appliance, basic precautions should always be followed, including the following: Read all instructions before using (this appliance).

▲ DANGER - To reduce the risk of electric shock:

01 Always unplug this device from the electrical outlet immediately after use and before cleaning.

▲ WARNING - To reduce the risk of burns, fire, electric shock or injury to persons:

- 1 An appliance should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
- 2 Do not operate under blanket or pillow. Excessive heating can occur and cause fire, electric shock, or injury to persons.
- **3** Close supervision is necessary when this appliance is used by, on, or near children, or disabled persons.
- **4** Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- **5** Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Return the appliance to a service center for exam ination and repair.
- **6** Do not carry this appliance by supply cord or use cord as a handle.
- **07** Keep the cord away from heated surfaces.
- **8** Never operate the appliance with the air openings blocked. Keep the air openings free of lint, hair, and the like.
- 9 Never drop or insert any object into any opening.
- 10 Do not use outdoors.
- 11 Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- 12 To disconnect, turn all controls to the off position, then remove plug from outlet.
- 13 DANGER: Never use pins or other metallic fasteners with this appliance.
- **14** DANGER: Carefully examine the covering before each use. Discard the appliance if the covering shows any sign of deterioration, such as checking, blistering, or cracking.
- 15 DANGER: Keep Dry Do not operate in a wet or moist condition.
- **16** WARNING: Temperatures sufficiently high to cause burns may occur regardless of the control setting. Do not use on an infant or disabled person or on a sleeping or unconscious person.
 - Do not use on sensitive skin or on a person with poor blood circulation.
- 17 WARNING: Do Not Crush Avoid sharp folds.
- * SAVETHESE INSTRUCTIONS

Grounding Instructions

This product must be grounded. If it should malfunction or breakdown, grounding provides a path of least resistance for the electric current so as to reduce the risk of electric shock. This product is equipped with a cord having an equipment-grounding conductor and a grounding plug. The plug must be plugged into an appropriate outlet that is properly installed and grounded in accordance with all local codes and ordinances.

A DANGER

Improper connection of the equipment-grounding conductor can result in a risk of electric shock. Check with a qualified electrician or serviceman if you are in doubt as to whether the product is properly grounded. Do not modify the plug provided with the product - if it does not fit the outlet, have a proper outlet installed by a qualified electrician.

This products is for use on a nominal 120-V circuit and has a grounding plug that looks like the plug illustrated in sketch a below. Make sure that the product is connected to an outlet having the same configuration as the plug. No adapter should be used with this product.

EARTHING

This massage chair is a Level One Electrical Appliance. To guarantee the ground wire that is connected to the power supply socket has obtained good ground connection, make sure to use a three-core power supply socket to avoid leakage, electric shock or other negative effects during use.

* This product is designed for personal in-home use. Commercial use will void warranty.

Greetings

Thank you for purchasing the BODYFRIEND Massage Chair [DAVINCI].

Please read this user manual for a safe and convenient experience.

In addition, this product may change due to product improvement without previous notice. In this case, product content descriptions and images may be different from corresponding descriptions and images in this user manual.

- * Please read safety precautions first and use the product appropriately.
- * Please keep this manual where users can read at any time.
- * Product image or content descriptions may change due to product improvements without previous notice.

- * The descriptions below are to use the product safely and accurately to prevent any unexpected risk or damage. Please follow the descriptions.
- * The safety precautions have two categories below depending on the expected risk and damage, and urgency if used incorrectly:

Warning

To reduce the risk of any burn, fire, electric shock, or physical damage

Caution

To reduce the risk of physical damage

Tablet Controller Precautions

Warning

In case of fire or explosion, product may be damaged, or the user may be injured from the accident.

- The product has magnetics inside. Keep a safe distance between the product and your personal effects that may be affected by magnets, including credit cards, medical devices, etc. If you are using medical devices, including a pacemaker, defibrillator, etc., please consult with your doctor.
- Do not hit or damage the product or its batteries.
- Please use batteries, chargers, and dedicated cables approved by Samsung Electronics. (Users should use KC-certified charger.)
- Be cautious that any other matters, including metallic objects, liquid, dirt, etc., do not come into contact with charger connectors or batteries connectors.
- Stop using immediately if the product has damaged its glass, acrylic part, etc. or if it emits smoke or a burning smell, and repair it at Samsung Electronics's Customer Support center.
- Do not expose the batteries while using them.
- Do not disassemble or reuse batteries.
- Be cautious that children and pets do not bite the product or put it in their mouths.
- The appropriate use temperature is 0-35°C, and the appropriate storage temperature is between -20°C and -50°C. In a higher or lower temperature than the recommended temperature, the product may be damaged, or the battery life may be decreased.
- Do not use the product in high heat or near a fire.
- Do not maintain the same screen on the entire or partial display for a long time. It may cause screen retention, burn-in, or remaining spots.

Instructions Before Use

Precautions

- Do not use the product if

- Suffering from thrombosis, embolism, a serious or an acute form of varicose veins, or when advised by a healthcare professional not to use this device
- Pregnant women in the first trimester or the beginning of the third pregnancy trimester
- Those who suffer from severe diseases related to the heart, kidneys, or liver
- Those who suffer from schizophrenia or other mental disorders
- Those who suffer from uncontrollable epilepsy or other brain diseases
- Those who cannot move by themselves

- Before use, consult with a specialist if

- Pregnant women other than those who are within the first trimester and may experience side effects from the use
- Those who have higher body temperature and suffer from acute inflammation, including chills and fever
- Those who suffer from severe skin disease, including pressure sore or burn
- Those who suffer from a malignant tumor
- Those who are elderly, suffer from extreme weight loss, or loss of muscle tissue due to other diseases
- Those who need to stay in bed due to medical treatment
- Those who are diagnosed with acute disc and acute cervical sprain
- Those who suffer from severe osteoporosis
- Those who are using implantable electronic medical devices, including implantable pacemaker
- Those who lack communication ability
- Those who have difficulty moving their body
- Those who have any other health concerns
- Those with joint discomfort due to hip or knee joint surgeries (artificial joint, fracture, etc.)

Instructions for Use Heating Feature

- If using the product long without rest, it may cause a low-temperature burn or any other risks.
- Do not let body parts of the massage chair that heat up come in direct contact with the skin.
- Supervise young children, seniors, and patients when they are using this product as they have sensitive skin.
- Do not fall asleep with the heating function on.

Possible Side Effects

- Please note the following side effects, which may occur during use.
- Minor abrasions, bruising, etc.
- Damage to muscle or tendon injury due to overuse or too much pressure
- Allergic reactions and burns
- Elderly spine fractures, dislocated joints, etc.

How to Connect the Product **Transporting/Installation**

Connecting to power source

Connect the power cable to its port positioned on the lower-right region of the main body. Turn on the power of the massage chair and press the power button on the tablet controller.

Moving method and checking for leg room

- Before installation, check whether there is enough room for installation.
- Remove all obstructions or miscellaneous objects around the product.
- Tilt the massage chair backward at an angle that is easy to move.
 - After arriving at the desired location, install it by slowly moving it forward.
- Remove any cables underneath the chair during installation.
- * The weight of the product may cause damage or discoloration of the floor.
- To avoid injury or damage to the product, we recommend two or more people when transporting it.

XD PRO Module Description

BODYFRIEND's exclusive new XD massage system

1. Wide and Deep XD Massage

- Provides rubdown massage for wider area using the long axis of rotation of the XD module.
- Massage balls provide a sophisticated and deep massage while drawing an X pattern.

2. Ergonomic XD Massage Angle

- Adjust the angle depending on the massage technique for a more focused massage on body parts.
- Provide strong massage for big muscles and gentle massage for small muscles.
- Realize similar angles of massage conducted by a real massage therapist.

XD PRO

Customized Massage System by Analyzing User's Body Contour

1. Quick and Accurate Body Contour Recognition

- Massage modules drop along the contours of the body to recognize the accurate location of shoulders by sensing curves and pressures of the human body.
- Even during the massage mode, you can adjust the shoulder position in real time.

2. Sophisticated and Gentle Massage

- High performance sensors provide more sophisticated massage than the previous XD module.
- Precise body contour recognition enables various massage techniques.

Brain Massage Program

Brain Massage

BODYFRIEND's exclusive mind and body management induce a short break for the brain via XD brain sound, including binaural beats and special massage.

* Binaural beats: When two sounds in different frequencies are played, the brain perceives a third sound called a binaural beat. It syncs with brain waves to help relax and other beneficial effects.

Brain Massage - Imagery Massage / Focus / Well-Being

This program is for those who want a relaxing massage with XD brain sounds, including binaural beats.

Mentallmagery	This program is for those who want to imagine their own getaway from their busy daily lives via XD brain sound and soft full-body massage patterns. We recommend this course for those who haven't experienced stress care before.
Focus	This program is for those who need to rest their tired brain due to excessive academic or work stress and recharge their minds and bodies. We recommend reducing brain and body fatigue while resting with XD brain sound and upper body massage patterns focused on the neck and shoulders.
Well-Being	This program is for those who need a break due to excessive stress from their daily lives. We recommend reducing excessive stress via XD brain sound and optimized massage patterns.

^{*} Brain Massage - Focus / Well-Being changes the angle automatically. You can manually change the angle after the indication of auto leg adjusts off appears.

^{*} Please avoid changing the song during the massage mode for the best Brain Massage.

Brain Massage Program

Brain Massage - Relaxation Training / Breathing Relaxation

This program provides voice guides to easily follow muscle and breathing relaxation for those who want an active body relaxation with a voice guide.

Relaxation Training

This program is developed by using gradual muscle relaxation therapy for those who want to reduce tension and stress with a voice guide. We recommend reducing tensions in your body by following the voice guides for muscle relaxation linked to massage.

* Gradual muscle relaxation therapy: Intentionally reduces the bodily tension of muscles to remove the tension of mind.

Breathing Relaxation

This program is developed by breathing relaxation therapy for those expecting important tests or announcements. We recommend following the voice guides for breathing linked to massage to easily relax your extremely tense body and mind.

** Breathing relaxation therapy: Intentionally adjusts breathing to relax the mind and reduce excessive tension and excitement

Brain Massage - Good morning / Good night

Provides positive and affirmative voice guides to start the day with optimism.

Good morning

Designed for those who are not early birds and have difficulty pleasantly starting the day. We recommend starting a day with good feelings with energetic full-body massage and voice guides to induce positive thoughts.

Good night

Specialized for those who want to reduce fatigue during the day and organize their thoughts before going to bed. We recommend wrapping up the day with good feelings by reducing fatigue with a soft, full-body massage and voice guides to remove complex thoughts.

Mental Massage Program

Mental Massage

This program calms your mind with soothing messages, gentle songs, and a rhythmic massage on the left and right region of your body. This program comforts your mind with the best Korean singers' songs and messages of our gratitude for your love.

Mind Comfort	Insooni	Helps those who are gloomy due to past regrets. It comforts your gloomy mind with empathic songs and messages and helps turn your emotions positive with a full-body massage by tapping the left and right sides of the body.	
Hope	Kim Shin-eui	Helps those who suffer from anxiety and nervousness caused by vague concerns. It relaxes entire muscles that become stiff with a full-body massage by tapping the left and right sides of the body and helps effectively manage emotions with calming messages.	
Self-Esteem	Jeon Cho-ah	This helps people slow down and avoid needless self-blame when life gets out of control. Fill the void in your mind and boost confidence when feeling small and helpless.	
Gratitude	Seo Young- eun	This helps refresh and reflect on once-forgotten precious things and focus on themselves when angry and frustrated, or when they keep blaming circumstances.	
Forgiveness	Jeon Cho-ah	This comforts people who have suffered from their emotions for a long time and suggests active forgiveness for oneself.	
Trauma	Insooni	Calms people that are dwelling on past trauma, brings the mind back to the present through body stimulation and music.	
Love	Seo Young- eun	Relax with Bodyfriend and listen to stories from your precious people. Love your current self and create a happy future.	
Passion	Kim Shin-eui	GRIT is not just a fierce passion at the start but the constant force always in our mind. Feel the GRIT with BODYFRIEND now. Your inner GRIT becomes clear. ———————————————————————————————————	

Meditation Massage Program

Meditation Massage

This program is co-developed with the Korean Academy of Meditation in Medicine. BODYFRIEND provides differentiated massage programs to users to have an easy and convenient meditation experience with our massage chair.

	Need major repairs within 10 days from the purchase		Exchange or refund	
	Need major repairs within one month from the purchase		Exchange or free repair	1
	Damaged during deliberation and installation after purchase		Exchange	N/A
Within Parts Retention Period Within the scope of normal usage, Failure in performance or features	Need major repairs to the exchanged product within one month		Refund	1
	Impossible to exchange the product			
		First- and second-time failure due to the same cause	Paid repair	
	Can be repaired	First- to third-time failure due to the same cause		Free repair
		First- to fifth-time failure due to different causes		
	The company lost the product customer asked to repair		Exchange or refund	Refund with an additional
	Cannot be repaired as the company does not have spare parts within the parts retention period			10% of the purchase price after flat rate depreciation

[Paid Service Descriptions]

Please check the user manual first, as we may charge repair costs regardless of the warranty period if the product turns out not broken.

	Consumer Damage Types	Compensation
Consumer Damage Types		Within Warranty Period After Warranty Period
Failure due to customer's intentional fault	If it cannot be repaired	we charge costs corresponding to paid repair costs before exchange or refund Flat rate depreciation Refund with additional 10% of the remaining amount
	Repairable	Free repair Free repair

^{*} The repair fee may be discounted when an individual returns the defective parts after display repair.

1 Product Failure due to Customer's Fault

- Product failure due to negligence (water damage, broken, damaged)
- Customers arbitrarily manipulate the data to repair (system data, NAM mode, settings error, missing password, etc.)
- Product failure due to consumables and accessories not designated by us (hands-free devices, chargers, batteries, headset, covers, etc.)
- Product failure due to ignoring precautions in the user manual

2 Others

- Product failure due to force majeure (fire, salt damage, water damage, lightning, etc.)
- The finished life cycle of consumable parts (batteries, headset, memory, cable/attachment, etc.)
- Product failure within the warranty period but due to customer's fault

W We may reject to provide customer service if:

- Customers arbitrarily change, modify, copy the product or use aftermarket parts (imitation)
- Customers retrieve and do not return a part and ask for repair with the part in question
- Customers ask for repairs for purposes other than repairs, for example, a repeated request to repair the same device.
- The parts are replaced and different from the ones at the time of purchase (or after service)

Invalid reasons for refund and exchange

This product is an installed electronic device and can not be refunded or exchanged for the reasons below:

(after installation and use, the product value significantly decreases and cannot be sold as a new product)

- 1 Cannot be refunded or exchanged due to change of mind (i.e., color, changed price, etc.)
- 2 Cannot be refunded or exchanged after installation other than defects requiring significant repairs of the product (provide customer service instead)
- 3 Cannot be refunded or exchanged due to personal differences (massage intensity, body size). It is recommend to test the product before the purchase

Warranty Terms And Conditions

At a glance,

- 1. This product has passed rigorous quality control tests and high fabric standards.
- 2. This product is for residential use ONLY, within the confines of the home.
- 3. Even within the warranty period, if any of the following occurs, BODYFRIEND is not liable or legally obliged to uphold the issued warranty:
 - Malfunction caused by incorrect use of product
 - Malfunction caused by natural disaster such as fire, flood, and etc
 - Malfunction caused by repairs or handling conducted by non- Bodyfriend technicians or employees
 - Malfunction due to mishandling, applying excessive pressure, and etc
 - Any form of malfunction caused by user negligence
- 4. In the event that the product malfunctions, please contact Bodyfriend Customer Support.
- 5. Warranty cannot be re-issued and is non-transferable. Warranty cannot be claimed if receipt and warranty information is not provided.
- 6. Warranty is valid for only five (5) years starting on the day of purchase.
 - Warranty is void if product is used in a non-household setting.
 - BODYFRIEND will only uphold warranty if it is a product defect and not one caused by user's misuse or negligence.
 - Warranty is valid only within the continental US, excluding Hawaii, Alaska, Puerto Rico, and any US territories.

Warranty Terms And Conditions

Covered:

- All parts, labor, and framework of the chair
- Labor and parts covered for the first three years at no cost to Purchaser.
- Structural Framework covered at no cost to Purchaser for all five years.
- Defects in materials and workmanship

All goods sold hereunder, except accompanying accessories, documentations, or enhancements, are warranted to be free from defects in material and workmanship at the time of delivery to Purchaser and covered for the above, for a period of five (5) years from the date of delivery. Defective material may be returned to BODYFRIEND after inspection by an agent of BODYFRIEND and upon receipt from BODYFRIEND of shipping instructions specific to the defective goods authorized by BODYFRIEND to be returned. Goods returned in accordance with the foregoing procedure will be replaced or repaired, at the option of BODYFRIEND, and returned to Purchaser without charge.

This warranty is subject to the following LIMITATIONS AND EXCLUSIONS:

Limitations:

- This express warranty applies to massage chairs ONLY, and not to accompanying accessories, documentation or enhancements; This warranty is non-transferable.
- This warranty is valid only within the continental US, excluding Hawaii, Alaska, Puerto Rico, and any US territories.
- BODYFRIEND's responsibility and Purchaser's exclusive remedy under this warranty is limited to the repair or replacement of defects in material and workmanship, as set forth above. BODYFRIEND is not responsible for any consequential damages resulting from the breach of this or any other express or implied warranty with respect to the goods.
- This express warranty is the only warranty applicable to this transaction. It excludes all other express oral or written warranties and all warranties implied by law with respect to the goods, including any warranties of merchantability or fitness for a particular purpose.
- This warranty does not extend to any of BODYFRIEND's products which have been subject to misuse, accident or improper installation or storage, maintenance or application, nor does it extend to prod ucts which have been repaired or altered outside of BODYFRIEND or its authorized agents, nor does this warranty extend to any labor charges for removal and/or replacement of the nonconforming or defective product or part thereof.
- Every claim under this warranty or related to this purchase order shall be deemed waived by Purchaser unless made in writing within five (5) years of the receipt of the goods to which such claim relates; AND
- This warranty is void in the event that repairs are made by anyone other than BODYFRIEND without prior authorization from BODYFRIEND. The terms of this warranty shall be governed by the laws of the state of California

Warranty Terms And Conditions

Exclusions:

- This express warranty is void without this warranty card and requested information (date of purchase, installation, RMA, and etc.).
- This express warranty does not cover damages resulting from improper installation or use, neglect, dropped product, unreasonable maintenance, failure to follow instructions, unauthorized repairs, al terations, modifications of original condition, and cosmetic alterations. Furthermore, warranty does not cover damage resulting from improper use of electrical/power supply; loss of power; electrical distur bances, power surges.
- Also, damage or cracked screen because of personal misuse, excessive force, transportation damage, theft, abuse, misuse, vandalism, or natural disasters (fires, floods, rust, corrosion, sand, dirt, wind storms, hail, earthquakes, or any exposure to weather conditions) are not covered under stated warranty. BODYFRIEND does not honor warranty for products purchased by or through unauthorized dealers, products used commercially or for commercial purposes, and time lost by the owner during the time the product is being replaced, at a repair facility, and etc. Natural occurrences such as, but not limited to softening/hardening of foams and composites, fading, wear, pilling of fabrics, natural markings, grain and dye variations in leather, and failure of attach points does not validate issue of warranty, as well as items intended to be periodically replaced by Purchaser during the normal lifetime of a product including, but not limited to batteries, light bulbs, and etc. Seat cover replacement and other accessories are not covered under the warranty.

Labor:

- Only for the one year of the warranty period ("Labor Service Period"), BODYFRIEND will provide labor services for the repair or replacement of defective parts at no cost to the Purchaser. However, the Purchaser is responsible for all shipping, duties, and brokerage fees. Upon expiration of the Labor Service Period, Purchaser shall pay for any labor service charges. Labor services are limited to the re placement of the defective product or parts with similar products of equal or less value. If replacement is not accepted by Purchaser, BODYFRIEND or its labor service provider is no longer responsible for fur ther service under this labor warranty. If and only when deemed necessary at its sole discretion, BODYFRIEND will send a service provider at no cost. Field service is only available within the continental US and under the Labor Service Period.
- If no problem is found upon diagnosis, Purchaser may be charged with standard rate for unnecessary service calls.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the condition that this device does not cause harmful interference (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- -- Reorient or relocate the receiving antenna.
- -- Increase the separation between the equipment and receiver.
- -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- -- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna. FCC ID: 2ALS5-8210US
