Attestation Letter

To Whom It May Concern,

The chip N52832 installed in our product Crank Power Meter (model name: P325 CS, P325 CSL, P325 L, FCC ID: 2ALZG-P325CS), which supports BLE, ANT+ and 2.4G protocols. But for this product, it only activates BLE 1M and ANT+ functions, the other functions are disabled by using the software.

Please contact me if there is need for any additional clarification or information.

Best Regards,

Sincerely,

Signature: 

Typed or Printed Name: fan bin Kong
