

Single Module Approval Request Letter

Subject: Single Modular Approval

Date: 2019-05-15

FCC ID: 2AM2X-RF24G

We, MhomeElectronic Technology Co., LTD authorize Eurofins Product Service GmbH to have our model: RF-24G approved under single module approval authorization. The application of this module is specified to mobile host equipment. The requirements regulated in Public Notice DA00-1407 have been fulfilled and clearly explained below.

1. The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly: This requirement have been fulfilled, please reference exhibition External photo.
2. The requirement of buffered inputs: Buffered data inputs stage has been integrated in DIP16.
3. The requirement of power supply regulation: The part number of the power regulator is DIP16.
4. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please reference the exhibition Test Report.
5. The requirement of stand-alone test configuration: Please reference exhibition Test Configuration Photo for the stand-alone test configuration.
6. The requirement of labelling: The instruction on the labelling rule of the end product has been stated in the Users manual of this module. Please also see the exhibition Label Sample.
7. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual.
8. The requirement of RF exposure: Please refer exhibition RF Exposure for the compliance of MPE RF exposure rule.

Company name: MhomeElectronic Technology Co., LTD

Company Address: Building B, Tangwei Industrial Zone, Dongyuan Road, Shipai Town, Dongguan City, Guangdong China
