

Party Pug Bluetooth® Speaker

PRODUCT MANUAL

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference & (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: changes or modifications not expressly approved which could void the user's authority to operate this equipment.

SPECIFICATIONS:

Maximum Output: 3W
 S/N ratio: >80db
 Frequency Range: 20Hz-20 KHz
 Battery Voltage: 3.7V DC
 Distortion THD: <1%
 Nominal Voltage: 3.7V DC
 Battery: Built-In Lithium Battery,
 3V DC/300mAh
 Charge Voltage/Current: 5V +0.25V/1A
 Working Time: 2-3 hours
 (depending on volume)

BLUETOOTH® PAIRING:

1. Press and hold the power button to turn ON the speaker until the LED flashes blue. It is ready to pair.
2. Place the speaker and Bluetooth® device so that they are no further than 6 feet apart.
3. Activate the Bluetooth® function on your device. Please refer to the manufacturer's instruction manual to enable Bluetooth® on your device.
4. Select the speaker "Party Pug Speaker" from the list of available devices.

BLUETOOTH® PAIRING:

5. If required, enter the password "0000".
6. Once paired successfully, you will hear the confirmation of indication tone.
7. If pairing is unsuccessful, turn OFF the speaker and then repeat the previous steps.
8. Once you have paired the speaker with a device, the speaker will remember this device and will pair automatically when the device's Bluetooth® is activated within range.

FUNCTIONS:

The Speaker includes a built-in rechargeable battery. It is recommended to charge the battery fully prior to first use. Connect the USB cable to a USB charging source and the mini USB plug into the charging port of the speaker. The LED indicator turns RED and turns OFF once charging is completed.

FUNCTIONS:

The ON/OFF button is used to turn the speaker ON/OFF, play, pause music. It can also be used to answer and end phone calls.

IMPORTANT NOTES:

- *This product is not a toy.
- *Do not drop or damage the speaker.
- *Do not use in humid or extreme temperatures.
- *Do not place the speaker near an open flame.
- *Do not block the sound of the speaker while it is in use.
- *Do not use the unit if it has been dropped or damaged in any way.
- *If damaged, do not attempt to repair or disassemble the speaker.

FCC STATEMENT
 1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) This device may not cause harmful interference, and
 (2) This device must accept any interference received, including interference that may cause undesired operation.
 2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
 This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 — Reorient or relocate the receiving antenna.
 — Increase the separation between the equipment and receiver.
 — Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 — Consult the dealer or an experienced radio-TV technician for help.
FCC Radiation Exposure Statement
 This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits:
