FCC statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Warnings: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

- EN Setting up the UF-2** Connect the fan to a compatible power source using the supplied USB-C cable. When plugged in, the indicator light will display red to indicate the wireless charging station is in standby mode.
- FR Configuration de l'UF-2** Connectez le ventilateur à une source d'alimentation compatible à l'aide du câble USB-C fourni. Lorsqu'il est branché, le voyant s'allume en rouge pour indiquer que la station de charge sans fil est en mode veille.
- ES Configuración del UF-2** Conecte el ventilador a una fuente de alimentación compatible con el cable USB-C suministrado. Cuando esté enchufado, la luz indicadora se iluminará en rojo para indicar que la estación de carga inalámbrica está en modo de espera.
- IT Installazione dell'UF-2** Collega la ventola a una fonte di alimentazione compatibile utilizzando il cavo USB-C in dotazione. Quando è collegato, l'indicatore luminoso sarà rosso per indicare che la stazione di ricarica wireless è in modalità standby.
- DE Einrichten des UF-2** Schließen Sie den Lüfter mit dem mitgelieferten USB-C-Kabel an eine kompatible Stromquelle an. Wenn das Kabel angeschlossen ist, leuchtet die Kontrollleuchte rot, um anzuzeigen, dass sich die kabellose Ladestation im Standby-Modus befindet.

- DK Opsætning af UF-2** Tilslut blæseren til en kompatibel strømkilde ved hjælp af det medfølgende USB-C-kabel. Når den er tilsluttet, vil indikatorlyset vise rødt for at angive, at den trådløse ladestation er i standbytilstand.
- PT Configurando o UF-2** Conecte o ventilador a uma fonte de alimentação compatível usando o cabo USB-C fornecido. Quando conectado, a luz indicadora ficará vermelha para indicar que a estação de carregamento sem fio está no modo de espera.
- 中文** 设置 UF-2 使用随附的 USB-C 数据线将风扇连接到兼容的电源。插入时，指示灯会显示红色，表示无线充电站处于待机模式。
- 日本語** UF-2のセットアップ 付属の USB-C ケーブルを使用して、ファンを互換性のある電源に接続します。プラグを差し込むと、インジケータライトが赤く表示され、ワイヤレス充電ステーションがスタンバイモードであることを示します。

EN Wireless Charging Place your device on to the wireless charging area; the indicator will change from red to blue while charging. When fully charged, the blue indicator light will turn off. **Note:** To enable fast charging you will need to use a Quick Charge 3.0 adapter (not included).

FR Chargement sans fil Placez votre appareil sur la zone de charge sans fil ; l'indicateur passera du rouge au bleu pendant la charge. Lorsqu'il est complètement chargé, le voyant bleu s'éteint. **Remarque:** Pour activer la charge rapide, vous devrez utiliser un adaptateur Quick Charge 3.0 (non inclus).

ES Usando el DS-7 Coloque su dispositivo en el área de carga inalámbrica; el indicador cambiará de rojo a azul mientras se carga. Cuando esté completamente cargada, la luz indicadora azul se apagará. **Nota:** Para habilitar la carga rápida, necesitará usar un adaptador Quick Charge 3.0 (no incluido).

IT Ricarica senza fili Posiziona il tuo dispositivo nell'area di ricarica wireless; l'indicatore cambierà da rosso a blu durante la ricarica. Quando è completamente carico, la spia blu si spegnerà. **Nota:** per abilitare la ricarica rapida sarà necessario utilizzare un adattatore Quick Charge 3.0 (non incluso).

DE Kabelloses Laden Legen Sie Ihr Gerät auf den kabellosen Ladebereich; Die Anzeige wechselt während des Ladevorgangs von Rot auf Blau. Wenn es vollständig aufgeladen ist, erlischt die blaue Kontrollleuchte. **Hinweis:** Um das Schnellladen zu ermöglichen, müssen Sie einen Quick Charge 3.0-Adapter verwenden (Nicht enthalten).

DK Trådløs opladning Placer din enhed på det trådløse opladningsområde; indikatoren skifter fra rød til blå under opladning. Når den er fuldt opladet, slukkes den blå indikator. **Bemærk:** For at muliggøre hurtig opladning skal du bruge en Quick Charge 3.0 -adapter (medfølger ikke).

PT Carregamento sem fio Coloque seu dispositivo na área de carregamento sem fio; o indicador mudará de vermelho para azul durante o carregamento. Quando totalmente carregado, a luz indicadora azul se apagará. **Observação:** para habilitar o carregamento rápido, você precisará usar um adaptador Quick Charge 3.0 (não incluído).

中文 无线充电 将您的设备放在无线充电区域；充电时指示灯会从红色变为蓝色。充满电后，蓝色指示灯将熄灭。注意：要启用快速充电，您需要使用 Quick Charge 3.0 适配器（未随附）。

日本語 ワイヤレス充電 デバイスをワイヤレス充電エリアに置きます。充電中はインジケータが赤から青に変わります。完全に充電されると、青色のインジケータライトが消灯します。注：急速充電を有効にするには、Quick Charge 3.0アダプター（含まれていません）を使用する必要があります。
