

Wireless Charger

Model: 601302

User Guide

Thank you for purchasing and using this product!

Please read this Operation Instruction carefully and keep it properly before using this product.

Product Specification

Product Specification

.Input: 5 Vd.c. / 2A

.Output: 5 Vd.c. / 1A

.Working Power: 5W

.Working Distance: 5mm

.Charging Efficiency: ≥70%

.Standard: Qi wireless charging Standard

.Quality: Quality and meet CE/FCC/RoHS/IC

.Operation frequency: 121.15KHz-179.65KHz

.Hardware: MOTO360_V31

.Software: V54-360

Applicable Devices

Compatible with FESTINA smart watch.

FCCID: 2AMGUFST601302

IC: 20965-FST601302

⚠ Attention

1. Please keep the charger away from water or other liquid.
2. If you need to clean the charger, please make sure it is not connected power supply.
3. Using Environment temperature remains -20~50°C

Hereby, Soprod SA declares that the radio equipment type smartwatch wireless charger is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: www.soprod.com

This equipment has been tested and found to comply with the limits for a WPC device, pursuant to Part 18 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

⚠ Caution

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

Note: This equipment has been tested and found to comply with the limits for a wireless power charger, pursuant to Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS - 102 radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet équipement est conforme aux limites d'exposition aux radiations IC CNR - 102 établies pour un environnement non contrôlé. Cet émetteur ne doit pas être situé au même endroit ou fonctionner avec une autre antenne ou un autre émetteur.
