

# Mini HUB quick start guide

## ◆ Package contents

◆ **Mini HUB** could be connected with child-device in wireless approach. You may monitor and control your home through hub, and start your smart life with your smart phones.

## ◆ Specification

Model:IM050101

Size:90x90x32.5mm

Os support:IOS 7.0 and Android 4.X or later

Input: DC 5V 1A(Micro USB)

Working temperature:0~40℃

Zigbee connection limit:<32

Wifi: IEEE802.11b/g/n 2.4GHz

Zigbee: IEEE802.15.4 2.4GHz

FCC ID:2AMI2-IM050101

IC :22853-IM050101

## ◆ Set up your mini hub via APP for first time use

① You can search APP on Google play or App Store. After the app installation is completed, open the app, register the account and login.

② Confirm that the mini hub has been plugged into a adapter, and wifi network must be 2.4GHz.

③ You can click the "+" icon and add hub according to the hint.

## ◆ How to reconfigure mini hub to a new Network?

When plugged in, prick an hold the reset hole with the pin for 4 seconds until the blue light begin flashing slowly.

This method does not clear child devices information that you have configured.

## ◆ How to reset mini hub?

When plugged in, prick an hold the reset hole with the pin for 10 seconds until the blue light begin flashing slowly to quickly flash.

## ◆ How to configuration child devices?

According to App tips.

## Federal Communication Commission (FCC) Radiation Exposure Statement

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.

FCC statements:

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IC Notice:

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This device complies with Canada Industry licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference. and (2) this device must accept any interference. Including interference that may cause undesired operation of the device.

CAN ICES-3 (B)

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage; (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NMB-3 (B)

Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.
