

<p style="text-align: center;"><b>Solder Board-Component View 8</b></p>	 A photograph of a green circular printed circuit board (PCB) component, labeled 'Solder Board-Component View 8'. The board is positioned on a blue textured surface. To its left is a vertical ruler with markings from 1 to 8 centimeters and 0.5 millimeter increments. Below the board is a horizontal ruler with markings from 1 to 8 centimeters and 0.2 millimeter increments. The PCB features a central integrated circuit (IC) with 'MCP3202' and 'Maxim' printed on it. Other components include a white connector at the top, a white connector at the bottom, and various surface-mount components. Text on the board includes 'MC4_RAP_V1.0', '20210119', and 'E-10-000147A'. There are also two circular 'MARK' locations on the board.
<p style="text-align: center;"><b>Solder Board-Component View 9</b></p>	 A photograph of the reverse side of the green circular PCB component, labeled 'Solder Board-Component View 9'. The board is positioned on a blue textured surface. To its left is a vertical ruler with markings from 1 to 9 centimeters and 0.5 millimeter increments. Below the board is a horizontal ruler with markings from 1 to 9 centimeters and 0.2 millimeter increments. The reverse side of the board shows various solder joints and components, including a small rectangular component with 'PV' and 'VCC' markings. Other markings include 'MARK', 'M30', 'D4', '02119', '02092', 'P4', 'JY3', and '02X 07X'.
