

<p style="text-align: center;">Solder Board-Component View 12</p>	 <p>A photograph showing a small green PCB component with a yellow connector. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters. The component has a label 'P10' and two circular holes.</p>
<p style="text-align: center;">Solder Board-Component View 13</p>	 <p>A photograph showing a small green PCB component with a black component. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters. The component has a label 'H1' and '020828' and two circular holes.</p>

<p style="text-align: center;">Solder Board-Component View 14</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 14'. The component is rectangular with a camera lens on the right side and a black rectangular area on the left. It is placed on a blue textured surface. A vertical ruler on the left shows markings from 1 to 9 cm. A horizontal ruler at the bottom shows markings from 1 to 9 cm. The component is positioned between the 4 cm and 6 cm marks on both rulers.</p>
<p style="text-align: center;">Solder Board-Component View 15</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 15'. The component is similar to View 14 but has a different shape and component layout. It is placed on a blue textured surface. A vertical ruler on the left shows markings from 1 to 9 cm. A horizontal ruler at the bottom shows markings from 1 to 10 cm. The component is positioned between the 4 cm and 6 cm marks on the vertical ruler and between the 2 cm and 4 cm marks on the horizontal ruler.</p>
