OPERATION

The white noise machine can operate while plugged in or operate on the rechargeable battery. If the white noise machine is not producing sound, this is an indication that the unit needs to be recharged. Plug the USB into a power source with DC 5V 1A output or above, then plug the Type C USB into the unit (13). The battery charger indicator light (12) will illuminate during charging. The indicator light will turn off when the unit is fully charged.

*****Main Power ON/OFF Switch (14):** PUSH THE MAIN POWER SWITCH TO ON BEFORE USE. Push the main power switch to OFF if the machine will not be used for a long period of time.***

POWER

Press power button for 1-2 seconds to turn on or off the unit.

SOUNDS

There are 70 sounds. Press one of the sound buttons. After the last sound you will hear a swoosh noise. This indicates that you are starting back at the first sound. The sound machine will recall the last sound and volume level.

TIMER

Press the timer button once for 30 minutes, twice for 60 minutes, a third time for 120 minutes and a fourth time to turn the timer off.

VOLUME +/-

Press volume +/- button to adjust the volume level you want. You can press and hold the volume button to speed up for adjusting volume level.

BLUETOOTH (VERSION 5.3)

This unit has a built-in Bluetooth Receiver which allows you to play music from an external source through the built-in speaker of this unit. The range is approximately 10 meters.

1. Press the Power button (7) and press the Bluetooth (BT) LED indicator button (10). The BT LED indicator (10) is flashing in blue color meaning it's in Bluetooth pairing mode. You will also hear the connected sound of Bluetooth.
2. Turn on the Bluetooth function of the device you want to link to and enable the search or scan function to find the system.
3. Select "H-200 BT Spkr" from the device list when it appears on your device screen.
4. After successfully pairing the unit with your Bluetooth device, The BT LED indicator (10) will stop flashing and remain lit.
5. Now you can play music from your Bluetooth device wirelessly to the unit.
6. If you want to disconnect the unit with another Bluetooth device, off the Bluetooth from your first device. Repeat steps 2 to 4 if you want to pair another Bluetooth device.

*The timer function is only valid for playing 70 sounds only. Timer function is not valid for Bluetooth playback function.

**While playing music a call comes in, the Bluetooth playback function will be paused, and the mobile phone will ring. Please answer the call with your mobile phone. The Bluetooth speaker will not transmit your voice. After hanging up the phone, the Bluetooth speaker will automatically continue playing the music just now. Directly press the sound button when you want to listen any of the 70 sounds.

BUILT-IN LITHIUM-ION BATTERY

* The machine contains a non-removable 3.7V 2200 mAh lithium-ion battery.

* Full charging time is approximately 4-6 hours.

* The battery run time is approximately 38-42 hours at 50% volume level after fully charged based on playing provided 70 sounds.

NOTE: Please do not try to remove/replace internal lithium-ion battery as it is danger.

BATTERY DISPOSAL

This device contains a non-removable lithium-ion battery. Contact your local waste agency for details regarding recycling and/or disposal options.

CARE/MAINTENANCE

1. Store unit in a cool, dry place.
2. Before cleaning, unplug machine from outlet.
