

UNPACK & CHECK THE CONTENTS

Make sure your box contains the Nix Pro, charging cable, and microfiber pouch.

WAKE UP YOUR NIX PRO

The Nix Pro arrives in a "sleeping" state. Wake it by plugging it in to any standard charger.

LAUNCH THE APP & CONNECT YOUR DEVICE

Download the "Nix Pro Color Sensor," "Nix Paints," or "Nix Digital" app from the Google Play or Apple App Store. Launch the app and connect your Nix Pro.

START SCANNING

Place your Nix Pro flat on any surface and start scanning! Remember to keep the device flush with surface for accurate results.

DO NOT RETURN TO STORE OR VENDOR

If you're experiencing issues with your device, please connect with our dedicated support team through any of the methods on the bottom bar.

FAQs

Is my device compatible with the Nix Pro?

The Nix Pro is compatible with iOS (8.0 or newer) and Android (4.4 Kit Kat or newer) with Bluetooth 4.0.

Can I connect to multiple devices?

The Nix Pro can connect to one device at a time. Before connecting to a new device, ensure you have selected "Disconnect from Nix" within the app on your current smartphone device.

FAQs

Can I use my Nix Pro while it is charging?

No. Be sure to unplug the Nix Pro prior to use.

I've tried everything and my Nix Pro won't connect. What do I do?

There is a small hole in the top of the Nix Pro lid. Use a paperclip to gently press the reset button.

FCC WARNING

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC WARNING

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
