材质：太空梭哑粉105g

工艺：单色印刷、风琴3折

材质工艺要求

印刷要求：色相正确、印迹牢固、套印准确、各色套印不露杂色，套印误差 ≤ 0.1mm

#### Maintenance

● Please refer to the list of the air purifier and disconnect power before performing the following operations.

##### Clean the filter cabinet

For best performance, use a vacuum cleaner or soft cloth to remove dust clinging to air ducts or cabinet walls.

##### Clean dust sensor

As shown in the figure, use a non-abrasive tool to open the dust sensor's top cover, and use an air gun or blower to clean the filter and sensor.

Product name	Mi Air Purifier Pro	Rated voltage	100-240V~	Rated frequency	50/60Hz	Rated power	80W	Rated current	1.5A
Model	AC-M3-CA	Rated AC frequency	50/60Hz	Rated frequency	50/60Hz	Rated power	80W	Rated current	1.5A
Dimensions	200x200x200mm	Rated power	80W	Rated frequency	50/60Hz	Rated power	80W	Rated current	1.5A
Net weight	4.00kg (8.81lb)	Rated power	80W	Rated frequency	50/60Hz	Rated power	80W	Rated current	1.5A
Gross weight	4.40kg (9.71lb)	Rated power	80W	Rated frequency	50/60Hz	Rated power	80W	Rated current	1.5A

#### Hazardous substances statement

Outer Case	○	○	○	○	○	○	○
Control panel	○	○	○	○	○	○	○
Accessories	○	○	○	○	○	○	○

○: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
 (1) This device may not cause harmful interference, and  
 (2) This device must accept any interference received, including interference that may cause undesired operation.  
 Attention: For all changes or modifications not expressly approved by the party responsible for compliance could void the user's warranty for this product.  
 Note: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the installed device does not function properly, you may wish to consult the manufacturer's troubleshooting guide. This product's operation may be stopped by a local authority in the event of a radio frequency interference investigation. This product is intended for use in the United States of America only. If you are outside the United States, you should check the instructions for the country of use. If you are outside the United States, you should check the instructions for the country of use. If you are outside the United States, you should check the instructions for the country of use. If you are outside the United States, you should check the instructions for the country of use.

#### Notes

**Carrying**  
Turn off the unit and disconnect power before moving.

**Installing**  
The unit will not turn on if the rear cover is not properly installed.  
Apply the air filter about 20cm away from walls or other obstacles.

**Warnings**  
Excessive bending, twisting or heating of the AC power cord may cause damage or expose the cable core.  
Always unplug by holding the power plug, not by pulling by the cord.  
Use only with grounded power outlets.  
Do not use the power cord with other appliances.

**AC power cord**  
To avoid the electric shock or other damages, use the power cord and electric outlets as instructed below:  
Use only with the grounded power outlet that matches the AC power cord.  
Use the AC power cord only.  
Before bending or moving the air purifier, disconnect AC power cord from AC power outlet.

**In use**  
In the event of unusual sounds, unreasonable odors, high temperature, regular fan spin or other irregularities, stop using immediately.  
Do not touch the fan or other things exposed to the blades, coverings, or air intakes.  
Keep hair and fabric away from the unit to avoid blocking or being caught in them or outlets.  
Do not sit on top of the unit.  
Ensure proper ventilation when using alongside devices using fans to cool to prevent carbon monoxide poisoning.

**Restrictions**  
To avoid the electric shock or other damages, do not use in following circumstances:  
Surfaces directly in contact with or otherwise covered by flammable materials.  
Environments that are extremely hot or wet, or exposed to water, for example bathrooms.

#### Mi Air Purifier Pro User Manual

Keep this user manual in a safe place and read carefully before use.
