

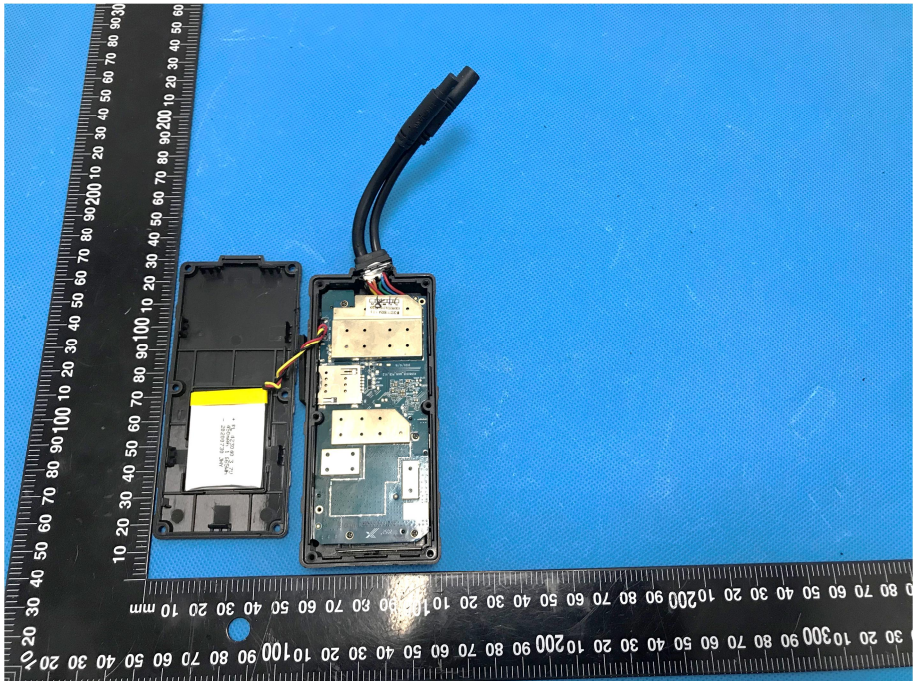

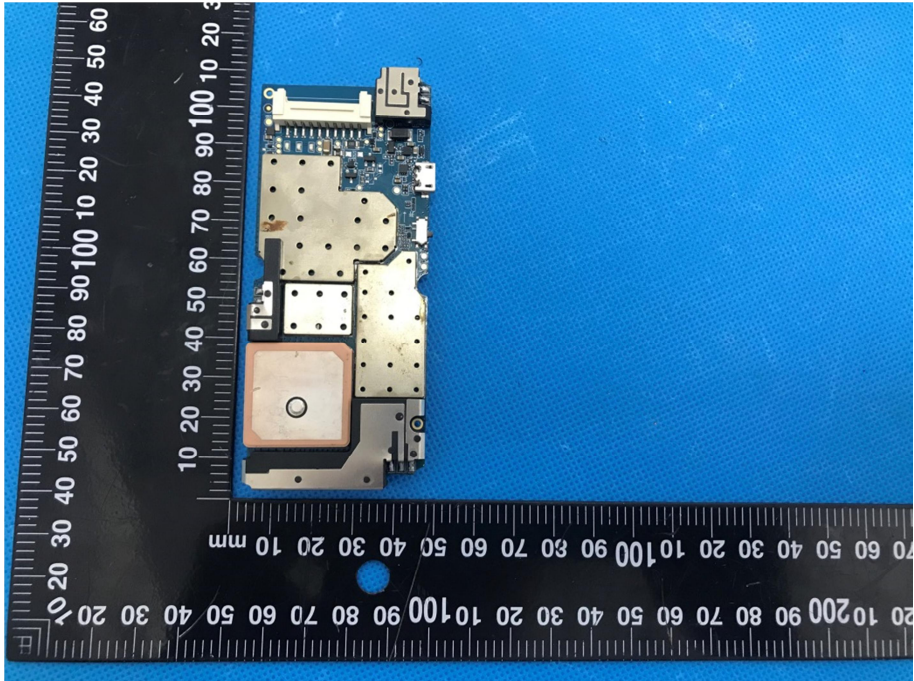

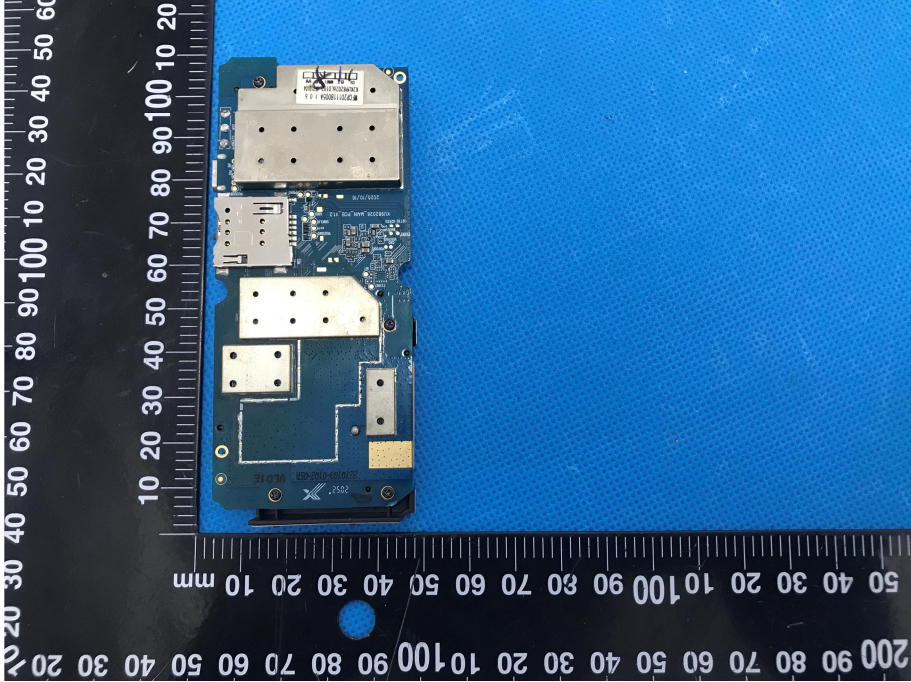

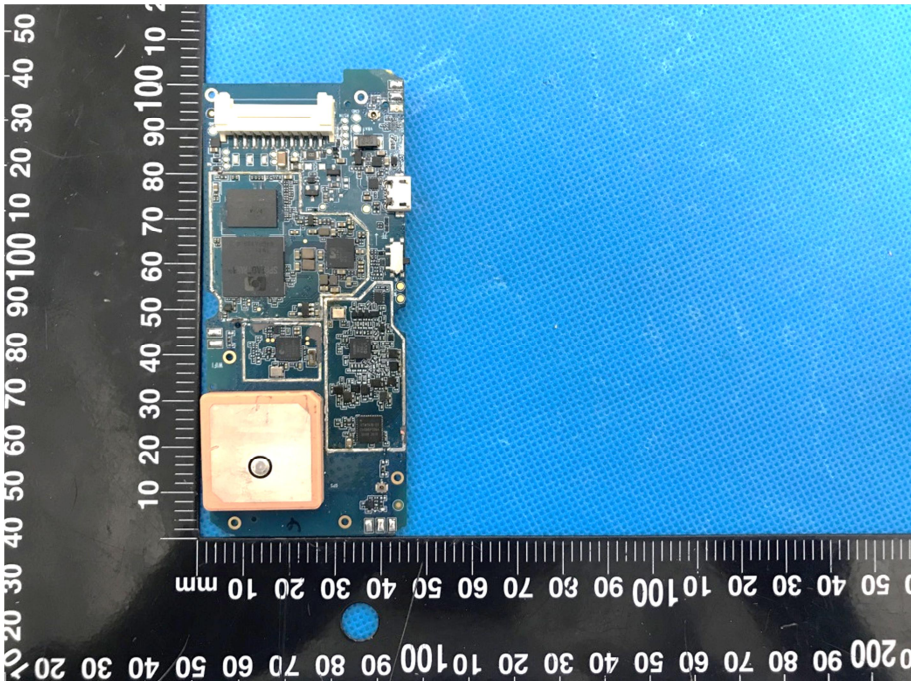

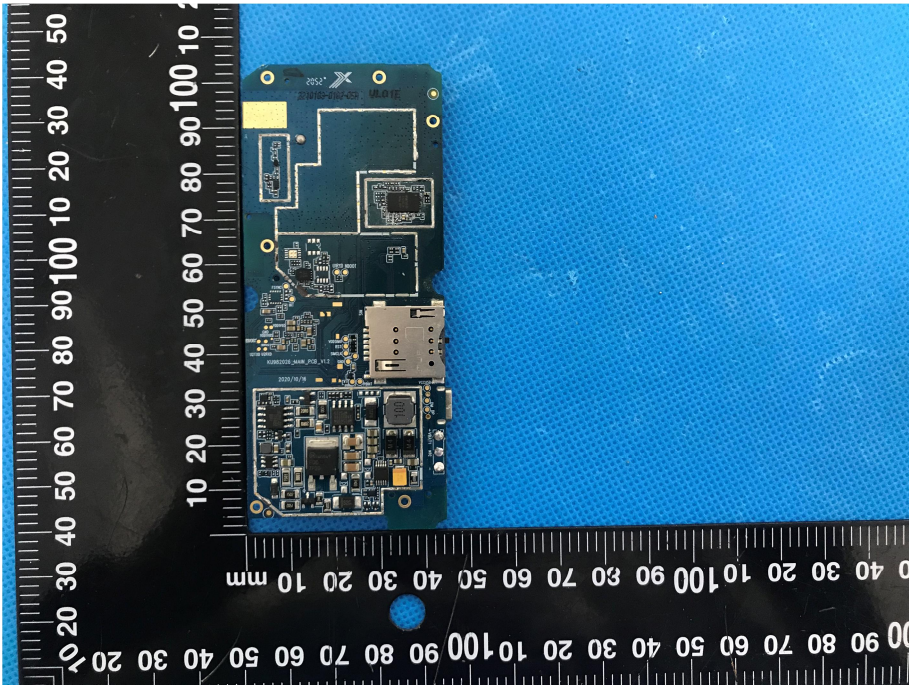

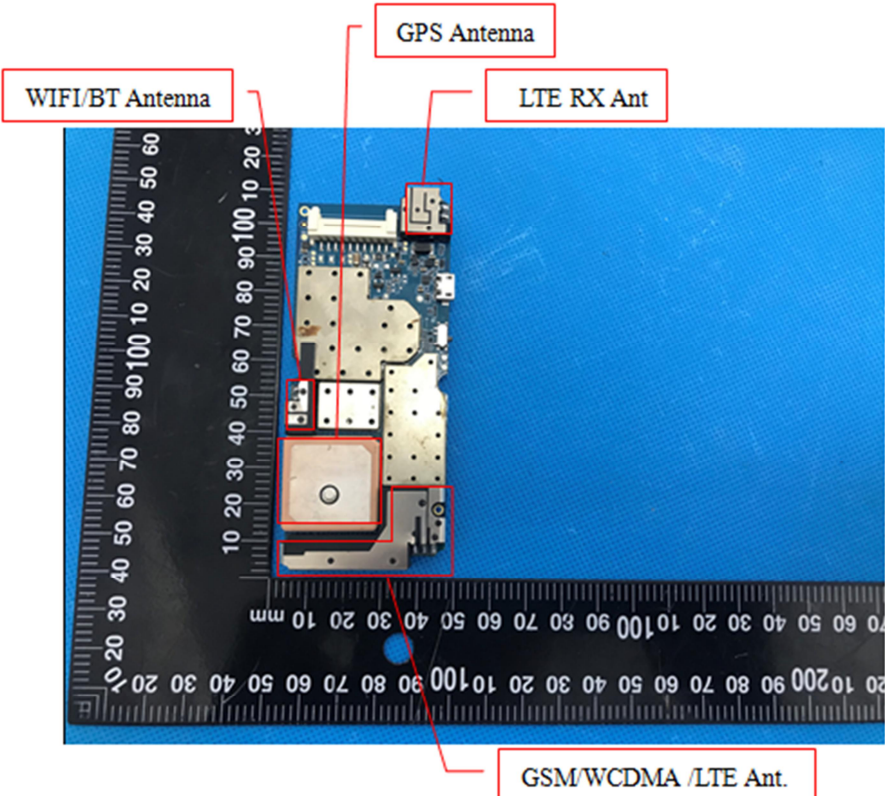

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 A photograph showing the internal components of an EUT housing. On the left is a black plastic housing with a yellow battery inside. On the right is a green printed circuit board (PCB) with various electronic components, including a large silver component and a black cable. A black ruler with white markings is placed horizontally below the components for scale.
<p>Solder Board-Component View 1</p>	 A close-up photograph of the solder board component. It shows a green PCB with several silver solder pads and a large silver component. A black ruler with white markings is placed vertically to the left of the component for scale.

<p style="text-align: center;">Solder Board-Component View 2</p>	 A photograph of a blue printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The board is oriented vertically and features several silver-colored metal pads and components. A black ruler with white markings is placed horizontally below the board, showing measurements in millimeters. The background is a blue textured surface.
<p style="text-align: center;">Solder Board-Component View 3</p>	 A photograph of a blue printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. The board is oriented vertically and features a prominent orange square component on the left side. A black ruler with white markings is placed horizontally below the board, showing measurements in millimeters. The background is a blue textured surface.

<p style="text-align: center;">Solder Board-Component View 4</p>	 <p>A photograph of a green printed circuit board (PCB) with various components soldered onto it. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm on both the horizontal and vertical axes. The PCB features several integrated circuits, a SIM card slot, and other electronic components.</p>
<p style="text-align: center;">Antenna View</p>	 <p>A photograph of the same PCB from the previous view, but with red boxes highlighting specific antenna components. Red lines connect these boxes to labels: 'WIFI/BT Antenna' points to a component on the left; 'GPS Antenna' points to a component at the top; 'LTE RX Ant' points to a component on the right; and 'GSM/WCDMA /LTE Ant.' points to a large component at the bottom. A ruler is visible in the background for scale.</p>
