6 **Micro-USB Charging Port**

Puerto de carga Micro-USB

7 **Magnetic Closure**

Cierre magnético

## STEP 1

### CHARGE HEADPHONES

Plug Micro-USB into headphones and USB into a compatible port (such as a wall charger, car charger, or computer). Light is RED while charging and turns BLUE when fully charged.

*\*Wall/Car charger not included*

Conecte el Micro-USB a los audífonos y el USB en un puerto compatible (como un cargador de pared, un cargador de automóvil o una computadora). La luz está ROJA mientras se carga y se vuelve AZUL cuando están completamente cargados.

*\*Cargador de pared/automóvil no incluido*

## STEP 2

### PAIRING YOUR DEVICE

On the side of the QFit neckband, press and hold the PHONE button until you see the LED indicator flashing between red and blue and hear “Power on, pairing.” In your devices Bluetooth settings look for “QFit” to appear as an option and select to complete pairing.

En el lateral de la banda de cuello QFit, mantenga presionado el botón del TELÉFONO hasta que vea el indicador LED parpadear entre rojo y azul y escuche “Encendido, emparejamiento”. En la configuración de Bluetooth de sus dispositivos, busque “QFit” para que aparezca como una opción y seleccione para completar el emparejamiento.

## STEP 3

### PAIRING YOUR DEVICE

When you're ready to use your QFit, press the PHONE button to turn your QFit on.

Use the + and - buttons on the neckband to adjust volume and skip songs.

Use the PHONE button to play/pause music and answer, end, decline, and re-dial phone calls, and power on/off.

Cuando esté listo para usar su QFit, presione el botón de TELÉFONO para encenderlo.

Use los botones + y - en la banda del cuello para ajustar el volumen y saltar canciones.

Utilice el botón del TELÉFONO para reproducir/pausar la música y responder, finalizar, rechazar y volver a marcar llamadas telefónicas, y encender/apagar.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
