

## LEDs on Charging Case

Whenever you open/close lid, four LEDs will blink 3 times then some/all of them will glow solid for 10s according to practical battery level.  
Low battery warning(carry case): If battery level is under 25%, LED for low battery warning will keep blinking white 3 times in 1 minute.

### Battery level display

LEDs	Remaining battery level
• • • •	75%-100%
• • • •	50%-75%
• • • •	25%-50%
• • • •	0%-25%

When charging, four LEDs will blink 3 times with draw marquee effect then some/all of them glow solid according to practical charging status.

## Caveats

1. Never disassemble or modify your headset for any reasons to avoid any damages and danger.
2. Do not store the headset in extreme temperatures (under 0°C or over 45°C).
3. Avoid using the indicator close to the eyes of children or animals.
4. Do not use this headset during a thunderstorm to avoid irregular function and increased risk of electric shock.
5. Do not use harsh chemicals or strong detergents to clean the headset.
6. Keep the headset dry.

## ! Factory Setting

If any malfunction emerges in the earbuds, please refer the following steps:

Factory setting: put earbuds into case to charge them then keep touching earbuds for 10s or until LEDs blink red and white 3 times to set them to factory. They will then auto power on and get charged. Pick up two earbuds(LEDs will blink red and white quickly) and they will auto pair with each other. Earbuds will auto turn to be connectable to phone when LED on left earbud turns off and LED on right earbud blinks white promptly. Delete connectivity record in device and reconnect the earbuds to phone.

## ! Audio only outputs from single earbud

It's really rare. Please reset GT1 XR, remove connectivity record on your cellphone and re-connect the earphones to your cellphone.

## ! Other cases in charging

LED glows solid white for 1 minute when earbuds are topped up.  
Carry case cannot charge earbuds, if its battery drains. LEDs on carry case will turn off once the case is topped up.

## Daily maintenance

Please do not shower with earbuds. Do not wear them in rainy day. Do not leave them in washing machine or other extreme situations. Clean them with dry cloth after use in pursuing a longer service life.

## Tips

1. Before using the headset, please read the manual carefully and keep it for future references.
2. The headset need to be fully charged prior to first-time use.
3. If the headset is left unused for over two weeks, please recharge it periodically.
4. Please use the chargers made by qualified manufacturer.
5. If the headset cannot be found by your phone, please check whether it is in pairing mode; if left unconnected for a long while, the headset will exit pairing mode, please re-enter the mode; if a procedure error of your phone occurs, reboot it; if a procedure error of the headset occurs, reboot or reset it.
