#### Macally Product Information

##### Warranty

Macally peripherals warrants that this product will be free from defects in title, materials and manufacturing workmanship for one year from the date of purchase. If the product is found to be defective then, as your sole remedy and as the manufacturer's only obligation, Macally will repair or replace the product. This warranty shall not apply to products that have been subject to abuse, misuse, abnormal electrical or environmental conditions, or any condition other than what can be considered as normal use.

##### Limitation of Liability

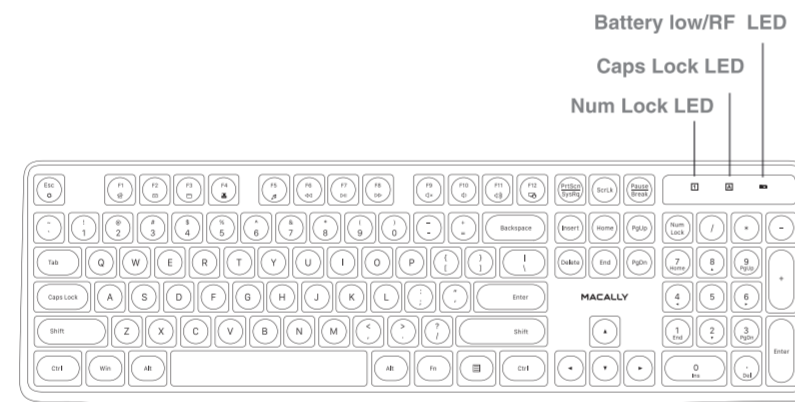

The liability of Macally Peripherals arising from this warranty and sale shall be limited to a refund of the purchase price. In no event shall Macally Peripherals be liable for costs of procurement of substitute products or services, or for any lost profit, or for any consequential, incidental, direct or indirect damages, however caused and on any theory of liability, arising from this warranty and sale. These limitations shall apply not with standing any failure of essential purpose of any limited remedy.

#### System Requirement

- Windows 7/8/10 and later
- Any desktop and notebook computer with a USB-A port available

#### Hardware Basics

#### Installation Instructions

The Macally RFJJKEY is pre-synced with the USB RF receiver dongle, and should be automatically recognized by the computer and does not require a driver. Simply follow the steps below and you are ready to go!

1. Locate the USB RF receiver dongle, in its plastic bag.
2. Plug the USB RF receiver dongle into the USB port of your computer.
3. Within 5 seconds after step 2, bring the keyboard very close to the receiver dongle and install "AAA" battery (included) in the battery compartment. (Or pull the white PULL film out if battery is inside the compartment already)
4. You are ready to use the RFJJKEY keyboard.

#### Shortcut Keys

F1 to F12 function keys are the default when top row keys are pressed.

13 shortcut keys on the top row of the keyboard provide one-touch control of PC applications and enhanced productivity.

Simply press and hold down Fn key, and simultaneously press the top row key to perform the shortcuts. Below are the description of all 13 shortcut keys.

- ⚙️ Open System setting
- 🌐 Default web browser
- ✉️ Open email program
- 📁 Open Windows File Explorer
- 🖨️ Print
- 🎵 Open default music player
- ⏪ Previous Track
- ⏩ Play/Pause
- ▶️ Next Track
- 🔇 Mute
- 🔊 Volume Down
- 🔊 Volume Up
- 🔒 Lock Windows PC

#### FCC STATEMENT

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

#### FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
