SAFETY HANDLING

1. CARE FOR PRODUCT

- Keep Carvaan GO away from dust and excessive heat (heat registers, stoves etc.)
- Prevent spillage of water or any other liquid as this can cause failure of Carvaan GO or could prove to be a potential fire hazard
- Clean the unit with a dry cloth only
- Do not walk on or pinch the power cord close to the plug
- Do not immerse Carvaan GO into water

2. CARE FOR BATTERY

- Do not expose the battery to heat sources greater than 60°C
- Recycle or dispose the battery when essential. Please ensure proper battery handling and disposal methods
- Do not subject the battery pack to a mechanical shock

d. In the event of a battery leak, do not allow the liquid to come in contact with the skin or eyes. If contact has been made, wash the affected area with water and seek medical advice

e. For prolonging battery life, avoid discharging the battery completely

3. OTHERS

- Use attachments / accessories as specified on the box
- Please contact an authorized service center for any repair/ servicing requirements or call the toll free no. 1800-102-7799
-  Waste electrical products should not be disposed of with household waste. Please follow disposal and recycling instructions issued by the concerned local authority.

6

SAREGAMA CARVAAN APP

Use Saregama Carvaan app to browse/ search songs or create playlists.

To use the app, press the Artistes/ Specials/ Playlists mode button. Turn on the Bluetooth of your mobile phone. Open the Carvaan app > Choose GO > Bluetooth Settings page

BATTERY

Full battery charge time: Approximately 2 hours

Battery usage: Approximately 7 hours once the battery is fully charged

CONNECTING GO TO BLUETOOTH SPEAKERS

Step 1: power on your Bluetooth speakers

Step 2: press the Bluetooth mode button for 3 - 4 seconds to turn on Bluetooth on GO

Step 3: turn the dial left/right or press previous/next button to select the speaker

Step 4: press Play/Pause to connect GO to the selected speaker

Step 5: once connection is established, the song plays on the selected Bluetooth speaker

Step 6: to disconnect, press the Bluetooth mode button & press play/pause button on the connected speaker

Step 7: press the Bluetooth mode button for 3-4 seconds to turn off Bluetooth on GO

CONNECTING GO TO CAR SPEAKERS: follow all the steps above. If you are prompted for a PIN / passkey on the car display screen, enter '0000' to pair GO with the speakers of your car using Bluetooth.

Remember: If you turn on Bluetooth on GO, but do not connect or play out for more than 30 minutes, GO will automatically turn off Bluetooth to help conserve battery

5

FCC Warning

a、 § 15.19 Labeling requirements.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

b、 § 15.21 Changes or modification warning.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

c、 § 15.105 Information to the user.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ▶ -Reorient or relocate the receiving antenna.
- ▶ -Increase the separation between the equipment and receiver.
- ▶ -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ▶ -Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
