

RF EXPOSURE EXEMPT REPORT

| APPLICANT | : Golden Mark (HK) Limited |
|--------------|------------------------------|
| PRODUCT NAME | : Plug-In Dimmer |
| MODEL NAME | : PD700 |
| BRAND NAME | : N/A |
| FCC ID | : 2AMY9PD700 |
| STANDARD(S) | : 47CFR 2.1093 KDB 447498 |
| RECEIPT DATE | : 2020-11-05 |
| TEST DATE | : 2020-11-17 to 2020-11-26 |
| ISSUE DATE | : 2020-12-18 |

1. Technical Information

Note: Provide by applicant.

1.1 Applicant and Manufacturer Information

| Applicant: Golden Mark (HK) Limited | |
|--|--|
| Applicant Address | 6/F, Kimberley Plaza, 45-47 Kimberley Road, Tsim Sha Tsui, |
| Applicant Address: | Kowloon, Hong Kong |
| Manufacturer: Golden Mark (HK) Limited | |
| Manufacturer Address | 6/F, Kimberley Plaza, 45-47 Kimberley Road, Tsim Sha Tsui, |
| Manufacturer Address: | Kowloon, Hong Kong |

1.2 Equipment Under Test (EUT) Description

| Product Name: | Plug-In Dimmer |
|----------------------------|-------------------------------|
| Serial No: | (N/A, marked #1 by test site) |
| Hardware Version: | N/A |
| Software Version: | N/A |
| Equipment Type: | Z-Wave |
| Operating Frequency Range: | 908.4MHz, 916.0MHz |
| Antenna Type: | Through-hole Antenna |
| Antenna Gain: | 0dBi |

1.3 Applied Reference Documents

Leading reference documents for testing:

| No. | Identity | Document Title | Method determination /Remark |
|---|-------------------|------------------------------------|------------------------------------|
| 1 | 47 CFR§2.1093 | Radio Frequency Radiation Exposure | No deviation |
| 1 47 CFR§2.1093 | | Evaluation: portable devices | |
| 2 | KDB 447498 D01v06 | General RF Exposure Guidance | No deviation |
| Note 1: Additions to, deviation, or exclusions from the method shall be judged in the "method | | | |
| determination" column of add, deviate or exclude from the specific method shall be explained in | | | |
| the "Remark" of the above table. | | | |
| Note 2: When the test result is a critical value, we will use the measurement uncertainty give | | | |
| the judgment result based on the 95% risk level. | | | |

2. Device Category and RF Exposure Limit

Per user manual, this device is a Plug-In Dimmer. Based on 47CFR 2.1093, this device belongs to portable device category with General Population/Uncontrolled exposure.

Portable Devices:

47CFR 2.1093(b)

For purposes of this section, a portable device is defined as a transmitting device designed to be used so that the radiating structure(s) of the device is/are within 20 centimeters of the body of the user.

General Population/Uncontrolled Exposure:

47CFR 2.1093(d) (2)

Limits for General Population/Uncontrolled exposure: 0.08 W/kg as averaged over the whole-body and spatial peak SAR not exceeding 1.6 W/kg as averaged over any 1 gram of tissue (defined as a tissue volume in the shape of a cube). Exceptions are the hands, wrists, feet and ankles where the spatial peak SAR shall not exceed 4 W/kg, as averaged over any 10 grams of tissue (defined as a tissue volume in the shape of a cube). General Population/Uncontrolled limits apply when the general public may be exposed, or when persons that are exposed as a consequence of their employment may not be fully aware of the potential for exposure or do not exercise control over their exposure. Warning labels placed on consumer devices such as cellular telephones will not be sufficient reason to allow these devices to be evaluated subject to limits for occupational/controlled exposure in paragraph (d)(1) of this section.

REPORT No.: SZ20100058S01

3. RF Output Power

| | Max. Emission | Max. Emission | Time-averaging |
|----------------|---------------|---------------|----------------|
| Frequency(MHz) | E(dBµV/m) | (W) | E.I.R.P. (mW) |
| 908.4 | 85.03 | 0.0178 | 0.09553 |
| 916.0 | 85.27 | 0.0183 | 0.10095 |

Note 1: According to KDB 447498 Section 4.3, SAR test exclusion conditions are based on source-based time-averaged maximum conducted output power of the RF channel requiring evaluation, adjusted for tune-up tolerance, and the minimum test separation distance required for the exposure conditions.

Note 2: The maximum average emission refers to report (Report No.: SZ20100058W01).

4. RF Exposure Evaluation

> Standalone Transmission SAR Evaluation:

1. According to KDB 447498 section 4.3.1, the 1-g SAR test exclusion thresholds at test separation Distances≤ 50 mm are determined by:

[(max. power of channel, including tune-up tolerance, mW)/(min. test separation distance, mm)]·[$\sqrt{f}(GHz)$] ≤ 3.0.

- \cdot f(GHz) is the RF channel transmit frequency in GHz
- \cdot Power and distance are rounded to the nearest mW and mm before calculation
- \cdot The result is rounded to one decimal place for comparison
- 2. When standalone SAR is not required to be measured, per FCC KDB 447498 D01v06 4.3.2, the following equation must be used to estimate the standalone 1g SAR.

Estimated SAR =
$$\frac{\sqrt{f(GHz)}}{7.5}$$
 · $\frac{\text{Max. power of channel, mW}}{\text{Min. Separation Distance, mm}}$

| Frequency | Time-averaging | Exposure Position | Hand/Body |
|-----------|----------------|----------------------|-----------|
| (MHz) | E.I.R.P. (mW) | Test Distance (mm) | 5 |
| 916.0 | 0.10095 | Estimated SAR (W/kg) | 0.003 |

> Simultaneous SAR Evaluation:

This device only incorporates one transmitter, therefore simultaneous SAR evaluation is not required.

Annex A Testing Laboratory Information

1. Identification of the Responsible Testing Laboratory

| | Shenzhen Morlab Communications Technology Co., Ltd. |
|---------------------|--|
| Laboratory Name: | Morlab Laboratory |
| | FL.3, Building A, FeiYang Science Park, No.8 LongChang |
| Laboratory Address: | Road, Block 67, BaoAn District, ShenZhen, GuangDong |
| | Province, P. R. China |
| Telephone: | +86 755 36698555 |
| Facsimile: | +86 755 36698525 |

2. Identification of the Responsible Testing Location

| Name: | Shenzhen Morlab Communications Technology Co., Ltd. |
|----------|--|
| | Morlab Laboratory |
| | FL.3, Building A, FeiYang Science Park, No.8 LongChang |
| Address: | Road, Block 67, BaoAn District, ShenZhen, GuangDong |
| | Province, P. R. China |
