

NOWIRE™ WOOD

— *fast charging wireless pad* —

WARNING

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee, that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

NOTES:

1. Do not open, disassemble, bend, or damage exterior housing.
2. Keep from water or excessively hot or humid environments.
3. Do not incinerate.
4. Avoid bringing magnetic cards into close proximity to the charger.
5. Avoid bringing the charger within 8 inches of implanted medical devices as the charger could cause medical devices to malfunction.
6. Should the charger need to be cleaned, please disconnect it from the power supply prior to wiping clean.
7. For optimal performance operate with a temperature range of 32-110 F.

APPLICABLE DEVICES

1. Devices with built-in wireless charging receiver (Samsung Galaxy S6, Samsung Galaxy S6 edge, Samsung Galaxy S7, Samsung Galaxy S7 edge, Samsung Galaxy Note 5, nokia 1520, LG, Nexus 5 and more).
2. Devices with reserved wireless charging interface (Samsung Galaxy S3, S4, S5, Note2, Note3, Note4, etc)
3. Devices with wireless charging receiver in its protective case (iPhone5/5s, iPhone6, iPhone6 plus, etc).
Note: All devices must be Qi standard.

SPECIFICATION

model number: 76012
Output: 5W/7.5W/10W
Input: 5V 2A: 9V 1.67A
Charging Efficiency: ≥73
Charging Distance ≤ 8mm
Frequency :114.74 KHz-156.41KHz
H-field Strength: -12.99 BμA/m at 10m,
Environmental Temperature: 0 -45°C
Standard: Qi
Size: 100mm *7mm
