

<p>Solder Board-Component View 15</p>	 <p>A photograph of a small green printed circuit board (PCB) component. The component is rectangular and features several surface-mounted components, including a small integrated circuit (IC) and several resistors. It is positioned on a blue textured surface. A black ruler with white markings is placed below the component for scale, showing measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mm mark at the bottom. The component is located between the 10 mm and 50 mm marks on the ruler.</p>
<p>Solder Board-Component View 16</p>	 <p>A photograph of a yellow rectangular battery component. The battery has a white label with the text "ENE 3.7V 221mAh" printed on it. It is connected to a red and black wire. The component is placed on a blue textured surface. A black ruler with white markings is positioned below the battery for scale, showing measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mm mark at the bottom. The battery is located between the 10 mm and 50 mm marks on the ruler.</p>
