To whom it may concern:

In accordance with FCC guidelines, Diversey Inc is applying an FCC label to our device (FCC ID 2ANCJ-R37615-00). This label is a 53# semi-gloss stock with all temperature adhesive and a 0.95 mil lamination on top. It is applied by hand via the pressure sensitive adhesive to the inner side wall of the dispenser, and is clearly visible through the clear plastic window upon removal from the package.

Additionally, the label's adhesive and upper lamination provides protection against damage during use, and allows it to remain affixed to the dispenser throughout its entire lifetime.

Sincerely,

A handwritten signature in black ink, appearing to be "Andy Cocking", written over a horizontal line.
